## Carving the Future

Photo Credit istockphoto.com/haveseen

As surely as a pumpkin can be carved into various and unforgettable expressions, we carve out a future for our children through example and instruction. Unlike carving the pumpkin, when we have only one chance to get it right, our job as parents is to constantly work and rework toward molding the character of our children. Raising children of good character is our most important job...it can change the world. Our greatest help comes from God; He will help us shape our family as we worship together each week. It's never too soon to begin.
