A weekly roundup for shopping and doing business locally!

## Hardin Roofing Continues to Provide the Community a Roof Over Our Head

Wesley Hardin has successfully run his local business for over 30 years, solely by word of mouth and providing great customer service.

Hardin Roofing offers the services of roofing, vinyl siding, lawn and pest control services, and fencing. As the owner and a worker, he is passionate about the quality of work he provides and loves being able to help people in the community—from those that need his services to the seven guys that work with him.

“I am very fortunate to have the amount of business I continue to have and have had over the years. I got my start in this business from helping my brother-in-law one day. Before I even got out of high school this is what I was doing. Being in the roofing business is all I have ever done,” said Hardin.

As the owner of this business, Hardin takes pride in being able to connect not just with his customers, but with the community as a whole. He values the relationships he has built. There are some customers that call me just to come by and change a light bulb, he added.

“I think what makes my business unique is the fact that I am not charging them what larger companies might, and the majority of the time we hand nail our shingles. We still do it the old way and I believe that delivers a better quality job,” said Hardin.

With over 38 years of experience, Hardin says his greatest reward is making customers happy and seeing their faces when the job is complete. He never leaves a job without making sure the customer is happy.

Hardin urges that homeowners ensure their contractors are honest. He also advises homeowners to get advice from several people before just going with the first offer. A lot of the quoted prices should be around the same ballpark figure, but know that the highest price is not always good and affordable is not always bad.

Hardin Roofing offers free quotes and free roof inspections. He recommends annual roof inspections and the annual cleaning of gutters. For more information on services, call (256) 606-8444 or check them out on Facebook.
