Jim, here is a rough draft of the potential statement if we are asked. Pls feel free to amend as you and HK see fit. "We removed the art exhibit planned for opening this week because it did not meet our updated policy requirements. Unfortunately, this was miscommunicated to the artist and we apologize for this inconvenience."

Feel free to call

Sorry, phone died. Have a great weekend!

No problem. You too.

Jim, what about this, "We cancelled the exhibit based on concerns about potential disruption and subsequent impact on the educational environment and campus safety."

Sounds good

Need to make sure OGC agrees this protects us properly.

Just go ahead and send to Renaldo. Subject line: Seeking Legal Review

I have an update on the other item when you have a moment to talk via phone.

Just got an email from Karen looking for the statement. Do we have it?

We have OGC response with a recommendation that requires brief additional discussion.

review?

Hi Karen - I'm on the road  
for the next couple of  
hours. Let me sit down this  
evening and see where  
things are. Can we  
regroup first thing  
tomorrow? I'll send a  
meeting invite tonight  
when I sit down at the  
computer.
