Subject: RE: Department Policy 303

Importance: High

Chief,

Right or wrong, I would prefer to not remove a less-lethal option from my patrol officers' use of force continuum until you make a ruling on this issue. As Sgt. Thompson points out in his email, the majority of us are out of policy as far as the annual CED training goes with the exceptions being Sgt. Thompson and Officers Buttram, Green, and Morton. As I have mentioned in a previous email, I will transfer my CED to Officer Green since I know for certain that she wishes to carry one.

Please advise on whether or not I am to remove the CED from Officers Loftin, Harlan, and Housmans for being outside of department policy, due to no fault of their own.

Thank you,

Reece Dunn

Importance: High

Chief,

I just wanted to get your thoughts on this new policy. At this time I believe only myself and Buttram are within policy to carry the Taser. Both Buttram and myself have been through the annual Taser Instructor Course and therefore renewed our certification. I believe all other patrol officers are out of the required time frame to carry the Taser within policy. I will have my shift remove the Taser from their duty belts until I get clarification from you to prevent any violation of policy. I will store the Tasers in my officer for the time being.

Subject: transfer taser from Sgt Dunn to Officer Green

Importance: High

Sgt. Thompson,

Due to the shortage of Department issued conductive energy devices (CED), please transfer my issued CED to Officer S. Green #779 effective 10/30/2022. Per our recent discussion, Officer Green's Less Lethal Electronic Control Device Training (TCOLE 3344) at the Baytown Police Academy on 02/24/2022 meets Department policy.

CED details:

- Taser - s/n X2900E3PD
- Battery – s/n E19125P2X
- Cartridge – s/n C6209MD3A
- Cartridge – s/n C6209MNMA

Thank you,

Reece Dunn
