Student of the Month

Addison Tucker

Sophomore at Central DeWitt High School
Parents: Shanna and Kyle Tucker

Addison is a hardworking, kind, and engaged student whose attention to detail and genuine care for others make her stand out. She approaches each day with a positive attitude and a strong sense of purpose, always striving to do her best in everything she takes on. Addison goes above and beyond — reaching out to teachers when she's absent, offering to help staff or classmates when she finishes her work, and stepping up whenever she sees a need.

"What I appreciate most about Addison is that she doesn't have to be asked and she doesn't always ask — she just sees or hears that something needs to be done or a peer could use help, and she just does it," said FCS teacher Rebecca Barnes.

That initiative and compassion shine through in everything Addison does. She has always cared deeply about others and wants to make sure that everyone feels included, supported, and confident in what they're doing. Inspired by her parents and by the kindness she observes in others, Addison strives to bring that same spirit of service to everything she does. Her involvement in FCCLA and her plans to play softball this spring reflect her dedication, teamwork, and positive energy.

Looking ahead, Addison hopes to pursue a career as a pediatric radiologic technologist or pediatric oncology nurse and plans to enter the CNA program next year. Her advice to other students is simple, but powerful: "Find the right group of people and just follow what you believe. Don't always copy other people — be yourself."

Addison's initiative, empathy, critical thinking and leadership make her an invaluable member of our school community and a shining example of what it means to be a SABER.
