

**CROSSROADS**  
Health Foundation

Promoting Health & Wellness for  
DeWitt & Rural Clinton County

## Thank you for supporting the Fieldstone of DeWitt capital campaign!

**Because of your support, Crossroads Health Foundation  
completes \$5 million capital campaign for Fieldstone of DeWitt.**

This all seemed like a dream back in 2020 when we were exploring the possibilities and now it's here and it's an asset to our community and for those in need. As we end our capital campaign this month, we could not be prouder about the fact we accomplished this together!

*Thank you.* Today, we are reminded of the graciousness of our community and those who helped build a dream for local senior citizens to live out their golden years at Fieldstone of DeWitt, a Wellspire Community.

### **Robin Krogman**
