

# FULLY AUTOMATED WASTE COLLECTION COMING SOON!

**Dear Lee County Residents,**

Automated solid waste collection is a more efficient operation, cleaner for our community and safer for our collection workers.

Proper cart placement is essential to ensure the trucks automatic–lifting arm can reach and service the carts.

Please see the back of this post card for proper cart placement instructions and requirements.

# IMPORTANT CART PLACEMENT INFORMATION

## PROPER CART PLACEMENT:

Place your cart at least 3 feet away from all objects including your second cart, mail box, car, trees, or bushes. The lid opening should face the road with the wheels on the cart facing your house. Cart must be placed within 5 feet of the roadway.

Do not obstruct collection of the carts by parking cars in the vicinity or placing the cart too close to another object.

All trash must be bagged and inside the cart with the lid closed for collection. Additional garbage not in the cart will not be picked up.

Please have your cart to the road by 7:00 A.M. on your regular collection day. If your cart is not serviced because it was not placed at the road before the truck ran your street, your cart will not be serviced until the following week on your normal collection day.

## DO YOU HAVE QUESTIONS OR NEED AN ADDITIONAL CART(S)?

Call Lee County Solid Waste at **662-523-7167**. Additional Monthly fee for the additional cart will apply to your monthly solid waste bill.
