

EVERENCE FEDERAL CREDIT UNION

Youth financial wellness **with impact.**

Everence[®] Federal Credit Union Youth Program

Purpose led and people focused, our Youth Program helps young members learn to save, spend, and give wisely. With age-appropriate accounts and family-friendly tools, kids build healthy money habits that reflect your values. As a member-owned, faith-based credit union, Everence is committed to walking alongside families as children grow in financial wellness through:

Youth Savings Accounts: Smart savings for under-18 members, with higher rates to build strong money habits.

Youth Rewards Program: Earn rewards for saving, completing activities, and reaching financial milestones.

Greenlight: A debit card and app that lets parents guide kids' spending, saving, and giving in real time.

Student Checking Account: No minimum balance required and no initial deposit needed to open – just simple money management tools and a debit card for young adults.
