The list above is not a comprehensive list of all structures with weight restrictions in the Commonwealth but shows only structures that have new or changed weight restrictions within the last 30 days. The list contains only basic structure identification and location information and the date the new or changed weight restriction and signage became effective.

For a full listing of all bridge and culvert weight restrictions with detailed information about specific structures, including location data and actual weight limits, visit vdot.virginia.gov and navigate to Travel and traffic/For freight operators/Truck restrictions. This page references a posted structures report and a GIS map tool that contain detailed information about restricted structures in Virginia. To receive email notifications regarding new or updated weight restrictions for structures statewide, complete the sign-up form on the web page.

Notices regarding bridges and culverts with new or updated weight restrictions are published monthly by VDOT. For additional information or questions, please contact haulingpermits@vdot.virginia.gov or the Load Rating Program Manager, Manjil Devkota at [804-786-4064](tel:804-786-4064).

The Virginia Department of Transportation is committed to ensuring that no person is excluded from participation in, be denied the benefits of, or be subjected to discrimination under any of its programs or activities on the basis of race, color, or national origin, as protected by Title VI of the Civil Rights Act of 1964. If you need further information on VDOT's Title VI Program or special assistance for persons with disabilities or limited English proficiency, please contact the Virginia Department of Transportation's Title VI Program Specialist at [804-786-2730](tel:804-786-2730) or corina.herrera@vdot.virginia.gov.
