

*Bank on* COMMUNITY  
**BANK MIDSOUTH**

**We're always  
in your corner.**

As your community bank, we embrace our neighbors as a commitment to the success of our communities we call home. To us, banking is more than a number in a ledger, it's our calling—and we want to always answer the call. So we stay attuned to the needs of our neighbors, we donate time and money to important causes, and we establish lasting relationships. We are committed to the financial success of this community—because that's how we measure our own success.
