## NEWSPAPER ADVERTISING

*gets snipped. gets saved.  
gets sales!*

With so many advertising mediums  
dividing the attention of potential  
customers, newspapers remain the  
most effective source for reaching  
consumers.

Why?

Simply put, newspapers reach more  
people, more often. Highly portable  
and highly visible, newspaper ads go  
with people and stay with them. That  
means your business is more likely  
to be on their minds when they're in  
the market for related products or  
services. When it comes to spending  
your advertising dollars, make the  
choice that's tried and true: newspaper  
advertising works harder for you.
