I wanted you to know that you're in my heart and mind,
even though you were brutally taken away from us,
I know you are at peace.

At times when I talk about you it brings joy to my heart and at other
times it's hard to even bear the thoughts that you are gone.

"Vince" as I still try to find closure,

I seek strengths and faith that my pain will ease with time and prayers.

Keep resting until we meet again!

You were an Amazing and Incredibly Loving soul to me and all your family.

Thinking of you always.

From Your Sister Frances Louise Noel, Niece Kelene Julianna Chung,
brother-in-law Peter Noel and All of Your Loving Family.
