## *Patricia Antonette Roberts* “Aunty Pat”

(SUNRISE - 14TH JUNE 1942

SUNSET - 08TH JUNE 2008)

The latin truism “tempus fugit” is certainly applicable to the premature passing of beloved Aunty Pat some 17 years ago which coincided with the birth of her last male grandson Liam, who was born a mere two months before she passed and who is now swimming up a storm having won two gold medals and one bronze medal in the recently concluded CARIFTA games. She certainly will be observing his aquatic exploits from on high. She was obsessed with the concept of coaching swimmers to excel in their aquatic endeavours but she was also enthused by sport generally and would certainly be ecstatic at the exploits on the tennis court of her penultimate granddaughter Anaya who had the singular distinction of grabbing the Caribbean Trinity Gold Award in the under 12 category although only ten years old and she did so in circumstances where she came back from six/0 in the first set to win ten/one in the third set in a stellar display of grit and determination. Aunty Pat will also be enthused at the fact that her eldest grandchild Rebecca will be betrothed on her birthday next week Saturday the 14th of June and we are sure she will be joining the angels in heaven in celebrating this signal event on the part of her first grandchild. Aunty Pat will also be in rapture by the fact that her first grandson, Adam is a successful practising lawyer having followed in her footsteps as a fearless and successful advocate attorney. She certainly has much to celebrate. Lamenting her absence from direct participation and involvement in all these memorable moments are her many friends and family in Kuala Lumpur, Malaysia where she was spawned and Trinidad and Tobago where she raised her fantastic family, namely:-
