

MACON COUNTY FARM BUREAU NEWS

CHEERS TO TWENTY YEARS FOR MCFB'S BETTY GOSDA

CONGRATULATIONS goes out to Betty Gosda for celebrating 20 years in July as the Executive Assistant for the MCFB! Her positive attitude, work ethic, creativity, and dedication to the organization is greatly appreciated. Our Prime Timers are also fortunate to have her as their amazing trip planner and tour guide. The MCFB office surprised her with a gift and lunch to celebrate. Congratulations again, Betty!

THANKS TO OUR SPONSORS

We could not have put on the 2026 MCFB Night at The Devon Lakeshore Amphitheater without our amazing sponsors! Thank you to all that donated to the event as well as to those that came out for the big evening. Funds raised will benefit the MCFB Foundation, which supports Ag in the Classroom and its scholarship program!

thank you

THANK YOU to our two MCFB directors going off of the Macon County Farm Bureau board this year. Your service and dedication are very much appreciated!!

Clint Gorden • District 4 Bob Moore • District 4

Over twenty area teachers attended our Ag in the Classroom summer workshop at the Macon County Farm Bureau in July. They learned about classroom opportunities, lessons, and more from Illinois Ag in the Classroom Director Kevin Daugherty. They also made charcuterie boards with Honey Bee Boards and took home a bouquet from Backyard Blooms & Bouquets, whose owner is also a teacher that presented to the ag class last summer. It was a special way to thank the teachers for staying active with the Ag in the Classroom program, all while earning continuing education credit!
