How Fauquier County voted on ballot question 3: Restoration of voting rights for felons post incarceration

Question: Should the Constitution of Virginia be amended (i) to provide for the fundamental right to vote in the Commonwealth, (ii) to revise the qualifications of voters so that a person convicted of a felony is not entitled to vote during his period of incarceration but is automatically invested with the right to vote upon release from incarceration, and (iii) to update the existing prohibition on voting by persons found to be mentally incompetent to instead apply to persons who have been found to lack the capacity to understand the act of voting?
