

Congrats!!

Student Of The Week

Well Done

MADISON RODRIGUEZ

Wright Junior Senior High School

Wright Junior Senior High School Senior Madison Rodriguez shares, "Sports, music, and my education are blessings, but my biggest blessing is family." As a freshman, Madison was named All-State in cross-country and track, contributing significantly to her team's state championships in both sports. She has participated in cross-country, track, and volleyball during her four years of high school, earning honorable mention this year in the 2A Powder River Conference. Madison has also been a dedicated member of the Student Council since her freshman year. Aside from athletics, she loves helping the community's youth and has volunteered

with elementary-aged teams in recreation leagues and summer camps. Madison shares that she absolutely loves playing the trumpet, has been playing for 7 years, and hopes to play in college. She also loves her community because it has provided many excellent opportunities to explore her interests and continue doing the things she loves.

The daughter of Nicole Hamann and Fabian Rodriguez, Madison shares, "I plan to attend Black Hills State University and pursue a bachelor's degree in biology education. I also hope to continue playing my instrument. I absolutely love the education field. Therefore, becoming a secondary school science teacher is

my dream! Science has always been my passion, and the opportunity to continue it excites me about what lies ahead. I have learned so much from my teachers, and I hope to build on that and reiterate it to my future students!"

Wright Junior Senior High Music Teacher, Kimberly Miller, has high praise for Madison and shares, "Madi is a wonderful leader for the WJSH band program. She was selected to play in both the Northeast District Honor Band in Gillette and the Northern Hills Honor Band in Spearfish this past month. She is always willing to help out the younger students, both in her own class and in the elementary classes. She has taken an

active role in forming and selecting music for our school's first jazz band, which meets once a week during our intervention time. Madi plans to play her trumpet at Black Hills State University next year, and I couldn't be more excited for her to continue refining her skills and leadership."
