

# **Danville Dental Gives Back with Toy Donation to Santa's Blue Elves**

The doctors and staff of Danville Dental Associates presented nine bags of gifts for the annual Santa's Blue Elves program. Danville Dental Associates has served as a donation site and has encouraged not only its team members but also its patients to donate each year. It was a pleasure gathering gifts this year to assist Santa's Blue Elves program. We love being able to put a smile on their faces and make a difference for a child this Christmas!
