

Proven Leadership. Real Experience. Results for Klickitat County.

County Commissioner is more than a full-time job—it's a commitment to serve our communities every day. During my first term, I have worked to strengthen our county, protect taxpayers, support local businesses, improve infrastructure, and advocate for our residents' needs.

I believe voters deserve a commissioner with the experience, knowledge, and work ethic to make informed decisions for Klickitat County.

I understand the responsibility of this office. County Commissioners make decisions that affect every resident—from public safety and infrastructure to budgets and long-term planning. Experience, sound judgment, and a willingness to listen matter.

Serving Our Community

As your County Commissioner, I work with our 23 county departments, eight elected officials, local cities, Port Districts, Community Councils, neighboring counties, and state agencies to solve problems, plan, and respond during emergencies. I have a high degree of office, computer, and accounting skills. We do not have personal office staff for these work elements.

Leadership and Service

I proudly serve or have served on boards and committees including:

- Columbia Gorge Housing Authority
- Mid-Columbia Economic Development District
- Klickitat County Board of Health
- Klickitat County Public Economic Development Authority
- Columbia River Gorge Commission
- Columbia River Policy Advisory Group
- Washington State Timber Caucus
- Columbia Gorge Regional Airport Board
- Area Agency on Aging & Disabilities Council of Governments
- Landfill Gas Improvement Committee
- Klickitat County Historic Preservation Committee
- Lodging Tax Advisory Board

My Priorities for Klickitat County Include

- Supporting economic development and family-wage jobs
- Investing in roads, water, wastewater, and other critical infrastructure
- Protecting agriculture, timber, and private property rights
- Expanding housing opportunities, including advocating for senior assisted living
- Supporting public health, public safety, and emergency preparedness
- Promoting tourism and preserving our county's unique history and heritage
- Being accessible, responsive, and accountable to the people I serve
