

Elect **Dan**  
**CHRISTOPHER**  
County Commissioner (R)

Bring liberty and transparency back into local government. Vote Dan Christopher for County Commissioner and Loren Culp for Governor.

Ballots come out July 17th, The election is August 4th. Make sure you and your family vote!!!

Do you know how my (so called republican) opponent Mr. Sizemore votes on your issues?

My (so-called republican) opponent Mr. Sizemore has a very liberal stance on guns. If anti-gun ballot measure I-1639 taught us anything it taught us, my opponent, Mr. Sizemore is not much of a Republican or supporter of the 2<sup>nd</sup> Amendment at all.

- On 1/14/20 Mr. Sizemore started a conversation with the Commissioners about the possibility of outlawing target shooting on privet land now that the county has a gun range. Mr. Sizemore testified that he was ageist a county resident shooting on his own acreage out in the county. He said **"Shooting could be scary and stray rounds are dangerous and could hit my cows"**.
- On 2/29/19 Mr. Sizemore chose his side on gun control ballot measure I-1639 when he said **"We have to try something to stop these school shootings"**, (pause) **"what else can we do to stop these shootings"**. His direct quotes on gun control sure don't sound like any republican gun owner I know.

I stand with our great Sheriff Bob Songer, and my personal vote for Governor Loren Culp on anti-gun ballot measure I-1639. I believe I-1639 is unconstitutional on many levels. As your Commissioner I will support our Sheriff, and I will fight for your Constitutional rights and Freedoms.

On 6/23/2020 when the commissioners were talking about the increase of covid-19 cases in Yakima and Klickitat county my (so called republican) opponent Mr. Sizemore said **"These people that keep talking about their Constitutional rights are the problem"**. Excuse me? What did you just say Mr. Sizemore! That sounded a lot like our tyrannical Governor Jay Inslee talking. It sure doesn't sound like any "Real Republican" I know.

On 12/10/19 my (so-called republican) opponent Mr. Sizemore presented Governor Jay Inslee's acceptance letter to the board of commissioners for signing, asking that the board accept the governor's illegal aliens/refugees into our community, to take your jobs and county resources. Mr. Sizemore said **"We need welders and other workers"**. Before the letter could be signed by the board I stood up and spoke out of order and reminded the board of whom they work for. I asked them if they think the majority of their voters would be in favor of getting bus loads of illegal aliens/refugees dumped in our town without notice. That's what President Trump was trying to protect us from when he signed executive order 13888 making sure the Governor had to ask the county for permission first. Now thankfully I got this liberal policy stopped for now, but what's next.

Where does my (so-called Republican) opponent Mr. Sizemore stand on supporting our youth?

- On 4/2/19 Mr. Sizemore was opposed to the County giving \$1500 to Goldendale High school to take Kids to collages and tech schools for career day saying he feels it is **"A waste of money in Goldendale."**, but that he was Ok with \$1500 going to Columbia high School in White Salmon. In the end he was persuaded by the other commissioners to give to both schools equally.
- On 5/28/19 the commission was asked on behalf of a Christian youth group if it would waive the counties rental/user fees it charges for use of the fairgrounds. The plan was that this local youth group could use this savings to help more at risk youth in our area, Mr. Sizemore said No!

When I asked Mr. Sizemore why when Goldendale has 75-80% of the counties at risk youth why is it that the only county-funded youth center is in White Salmon. First, he didn't even know that we had the majority of at risk youth, but even with that new knowledge he has done nothing for the youth in our community nor has he fixed that problem. Sorry Mr. Sizemore, our youth are not a waste of money and they deserve better.

Where does my (so-called Republican) opponent Mr. Sizemore stand on the County budget?

Mr. Sizemore's campaign website says he has **"worked to keep the budget balanced, and build up cash reserves"**. I am sorry Mr. Sizemore but that is just not a truthful statement. I am in the same budget meetings he is. The county's budgets are posted on their website for you to read and see for yourself. The "Truth" is Mr. Sizemore hasn't had a balanced budget for many years. He has overspent year over year draining the counties reserve funds all but dry. Look it up and see for yourself. You will see the truth with your own eyes. We should never be voting for a budget that isn't balanced.

**My (so-called Republican) opponent Mr. Sizemore has used his office to use Eminent Domain to take private property from land owners, and in doing so he is making a few of his friends rich.** This should not be acceptable behavior for any politician, of any party.

I asked Mr. Sizemore why he has not supported any economic development or job growth in Goldendale in his 8 long years, and why is all the money and effort spent only on district 1 and 2? His response was that he doesn't want economic development in Goldendale and that **"Goldendale is fine the way it is."** Well I strongly disagree!! We are losing small businesses faster than we are gaining them. We are turning into a community of poverty and despair under your leadership and it's just getting worse.

Mr. Sizemore's has lots of ideas and plans. Like placement of an Indian resettlement village near Hwy 97 and Hctor rd, and spending 40 million of tax payer dollars to secure grazing rights for himself and a few others, and building migrant farm worker housing and bus service for one of his other rancher friends. I could go on for another 3 pages, but I think by now you get the point that Mr. Sizemore is actually quite liberal and only looks out

for "Some" cattlemen. He doesn't serve all of "We the People" and he doesn't vote like the (republican) he claims to be at election time. I really want to know why Mr. Sizemore is running as a republican when he votes and sounds more like Governor Inslee then President Trump?

You have a clear choice with your republican vote this Primary season. You will be sending one of the two of us home in the August 4<sup>th</sup> primary, **"So take the time to vote"**.

Vote for a "Real Republican", vote for upholding the Constitution, vote for liberty, vote to help our community, vote to serve our people and our youth, vote to have honest Government of transparency to the people = Vote for freedom, Elect **Dan Christopher**

Or

Vote for a (so called republican) that votes like a liberal, vote for 4 more years of Governor Jay Inslee policies enacted in our county, vote for the guy that won't defend the Constitution and your liberty, vote for career politicians, vote for more insider politics and behind closed door meetings and deals that only benefit the few, vote for more neglect of our community and our people, = vote for **Jim Sizemore**

It's time we elect a Real Republican like me, that helped write the Klickitat County Republican Party platform. The platform that Mr. Sizemore's votes and quotes show he doesn't support. A Real Republican that will stand up to the "political insiders", the "Good Old Boys club" and the career politicians. Their time running our county and hurting our people, while raking in profits is over!!!!

*I am not a career politician, and I have no interest in becoming one. I am a Business owner and a problem solver that will bring a unique, forward-thinking, and Community Inclusive perspective to the Klickitat County Board of Commissioners. But most importantly I am a Real Republican and a Constitutionalist that will fight for Real Republicans.*

**I am proud to be a volunteer with the following organizations in our community.**

Member of the Klickitat County Sheriff Posse: Member of the Centerville Fire Dept.: Member and volunteer at the Goldendale American Legion: Volunteer with the Klickitat Valley Fire victims Fund and Auction: Volunteer at the Goldendale Senior Center: Volunteer with the Goldendale Grange Care Package Project (food bank serving about 1000 families a week in our county): Member of the Klickitat County Republican Party.

**Ballots come out July 17<sup>th</sup>, The election is August 4<sup>th</sup>. Make sure you and your family vote!!!**

**Bring liberty and transparency back into local government. Vote Dan Christopher for County Commissioner and Loren Culp for Governor.**
