Agenda Item No. 6 was report on current issues with the Vidalia Port. After announcing the Agenda item, the mayor called on Bryant Killen, the Port's Deputy Director, to give the presentation. Mr. Killen brought everyone up to date on the hiring of a Port Manager; the current status of the Slackwater Slip, advising that it has been passed as meeting seepage requirements; and that proceedings are continuing to obtain the full 4.5 Million Dollar Grant for the acquisition of additional property and improvements at the Port. Following a few comments and questions from the Board, and from several in the audience, Mr. Killen concluded his presentation. At that point, the Mayor thanked Mr. Killen for what was a very interesting presentation.

Agenda Item No. 7 was presentation on proposed re-apportionment plans for Town of Vidalia. The Mayor called on Dr. William Blair, of Strategic Demographics, who he introduced as the re-districting expert for re-districting Towns, Parishes and the State. Dr. Blair took the podium and introduced himself and gave his qualifications and following that he had map boards and a Power Point presentation to talk about the re-districting problem. Following questions from the council, questions from the audience, Dr. Blair stated that he was submitting Plans A and B for the Town's consideration and told them that either plan would meet the Federal requirements. The Mayor thanked Dr. Blair for his excellent presentation.

Agenda Item No. 8 was introduction of an Ordinance to adopt the Redistricting Plan 2022-A by the Vidalia Town Council after the 2020 census; and otherwise to provide with respect thereto. The Mayor then asked for discussion on the Plan by the audience and the Board. Mr. Kevin Friloux spoke first to say that he is in favor of Plan A, giving his reasons. Alderman Gardner spoke next to say that he does not have confidence in the present plans and prefers to table the matter for more discussion. After some discussion about that plan, Alderman Gardner's motion to table failed for a lack of a second. The Mayor noted that both of the plans satisfy the Federal requirements for re- apportionment. The Mayor then introduced Plan A. The Mayor reminded the Board that the Ordinance will be on file at Town Hall. He also advised that at the November Regular Board Meeting, a public hearing concerning the adoption Plan 2022-A and after that hearing the passing of the Ordinance will be considered.

Agenda Item No. 9 was introduction of an Ordinance to adopt the Redistricting Plan 2022-B for the Vidalia Town Council after the 2020 census; and otherwise, to provide with respect thereto. There was no discussion on that plan and the Mayor ntroduced Plan 2022-B, both of the plans will be on the November agenda.

Agenda Item No. 10 was introduction of an Ordinance to regulate the application and payment of rebates for the Town's electric customers. The Mayor then explained the need for the Ordinance which would correct issues that have arisen over the years on how the computations are made for regulating the application and payments of rebates to the Town's customers. Following the Mayor's presentation, there being no questions, the Mayor introduced the Ordinance. The Mayor reminded the Board that the Ordinance will be on file at Town Hall. He also advised that at the November Regular Board Meeting, a public hearing concerning the adoption of this rebate Ordinance and after that hearing the passing of the Ordinance will be considered.

Agenda Item No. 11 was Board discussion and vote on approval of a Resolution to release a donation of servitude. The Mayor explained the need to do this because the Department of Energy is requiring that an old servitude in favor of Syrah is of record and there needs to be a new servitude in place for the expansion plans. There being no questions from the Board, the Mayor asked for that Resolution and Alderman Betts made a motion to pass a Resolution to support the release of a donation of servitude as presented at the meeting. The motion was seconded by Alderman Probst and carried unanimously by those present.

was moved by Dr. Riley, seconded by Mr. Carson and carried to approve a stipend for the athletic directors while requiring them to show accountability and that they are meeting certain standards. The amount of the stipend will be recommended by Superintendent Bachus, Mr. O'Neal and the committee named earlier to research the pay for athletic directors in similar sized school districts, which includes Mr. Carson, Dr. Riley, and Mr. Pere (Mr. Taunton is taking his place).

A roll call vote was taken:

Mr. Warren Enterkin	Yes
Mrs. Dorothy Parker	Yes
Dr. Raymond Riley	Yes
Mr. Derrick Carson	Yes
Mr. Matt Taunton	Yes
VIs. Angela Hayes	Yes
Mrs. Lisette Forman	Yes
Mr. Ricky Raven	Yes
Mr. Fred Butcher	No

The vote was 8 yes, 1 no. Mr. Butcher asked for the record to show he voted no because he thought there should be a job description available before the stipend was approved. The motion passed.

Mr. Carson would like the board to look into putting a turf field and a track at FHS and VHS. Mr. Carson asked Marco Gonzalez to tell the board about a similar project he's working on now. Mr. Gonzalez noted that he had worked on a project with a little turf work and a track and field in south Louisiana that cost about \$1.3 million a little over a year ago so the cost has gone up. He recently worked on a project again in south Louisiana with two baseball fields and two softball fields, the infield area, not outfield, and some drainage work for \$1.6 million. A project in Bastrop recently which included a track and football field cost \$2.1 million.

It was moved by Mr. Carson, seconded by Dr. Riley, and carried with Mr. Enterkin voting "No," to authorize a committee made up of Superintendent Bachus, Mr. O'Neal, Mr. Gonzalez, Mr. Henderson, and the coaches and principals of the schools to engage the appropriate professionals as far as architects and engineers to develop specs and to come back to this board at our next board meeting to look at the specs and the possibility of the cost range for a turf field and track for FHS and VHS.

Mr. Enterkin asked to speak on this issue. Mr. Butcher granted Mr. Enterkin the opportunity to speak even though the motion passed. Mr. Enterkin noted that we are meeting in the City Hall meeting room because our central office building is incapacitated, and we're paying rent there. We're looking at spending millions of dollars on improving football fields and adding track and field areas. I think we've got our priorities a little bit out of kilter here. I think we ought to be looking at a central office and a place to meet of our own, rather than even thinking about spending millions of dollars on football fields in Ferriday and Vidalia. Monterey deserves the same money so we would need to put a new baseball field there with turf on it. So we're talking about big dollars here, just off the cuff, that's about \$1.5 million times three. We need to think about our priorities, rather than think about refurbishing football fields at this time.

Mr. Butcher stated that the motion that passed was just to get figures together to see what we would be looking at for these projects. We have to start somewhere and see if this is something that can be done now or maybe in stages if at all.

It was moved by Mr. Carson, seconded by Mr. Raven and unanimously carried to authorize Superintendent Bachus to conduct an ADA Compliance Survey of all the schools and come back to the board at our December meeting with a report on the compliance of all our structures and facilities.

It was moved by Dr. Riley, seconded by Mrs. Parker, and unanimously carried to increase the tutoring pay rate from \$25 to \$30 per hour in order to accept the awarding of a \$35,000 grant for the tutoring program.

Superintendent Bachus stated that this past May there was a table about Concordia Parish that showed in several places we were not in compliance with our vaccination records. Ms. Kaye Andrews, our senior school nurse, has been working very hard and has reduced the number of those who are unvaccinated by more than 70%.

Mr. Carson stated that the matter of the pay of 12-month employees has been discussed by committee, but never brought back to the board, and he thought it was time for the board to authorize Superintendent Bachus to conduct a study concerning pay scales and pay equity for all 12-month employees, and also sometimes with personnel we have to have some individuals perform double duties, and we need to come up with a system for individuals performing double duties on how those individuals are to be compensated. It was moved by Mr. Carson, seconded by Mrs. Forman and unanimously carried to conduct said study concerning pay scales for all 12-month employees and compensating employees performing double duties.

Mr. Butcher stated the next item would authorize Superintendent Bachus and her staff to get together with Mr. Gonzalez and our attorney in reference to the date of completion being missed on the MHS gym and see what action we could possibly take.

It was moved by Mr. Carson, seconded by Mrs. Forman, and unanimously carried

agreed to advertise the agricultural lease of 141.49 acres of land owned in Concordia Parish with bids to be received on November 9, 2022. No public comments were offered.

The Board considered a request from Entergy seeking permission remove existing power pole within 1500 ft. of the Mainline Mississippi River Levee as a result of with Item 380-R in Tensas Parish. After no public comments were offered, permit was approved on motion by Commissioner Frith, 2nd by Commissioner Hill. Approval is subject to USACE and DOTD approval.

After hearing no public comments, on motion by Commissioner Hill, 2nd by Commissioner Copeland, the Board approved resolution giving USACE, New Orleans District rights-of-entry, including ingress and egress, for revetment work listed as 305-R, 314-R, 315-R, and 317-R in Concordia Parish for a two-year period beginning November 1, 2022, subject to proper notification of landowners.

There being no other business to consider, the meeting was adjourned on motion by Commissioner Frith, 2nd by Commissioner Hill.
