STATE OF LOUISIANA PARISH OF CONCORDIA

7TH JUDICIAL DISTRICT VIDALIA, LOUISIANA

NOTICE OF SHERIFF'S SALE AND APPRAISAL NOTICE

CITIZENS PROGRESSIVE BANK

VS SUIT NUMBER: 56415

SIMKA LA HOLDING, LLC, MANPREET KAMBOJ AND GURDEV S. KAMBOJ

WRIT OF: WRIT OF SEIZURE AND SALE

By virtue of above WRIT issued from the Honorable 7th Judicial District Court in and for the Parish of Concordia, State of Louisiana. in the above-entitled number and cause, and to me directed, I have seized and taken into my possession and will offer for sale the following described property to-wit:

SEE ATTACHED

Considering the allegations of the foregoing Petition and the Exhibits attached thereto:

IT IS ORDERED that a Writ of Seizure and Sale be issued herein forthwith, as prayed for and according to law, providing for the seizure of the following described property, to-wit:

Tract No. 1:

Lot No. Six. (6) in Square No. Two (2) of the Village of Clayton, in Concordia Parish, Louisiana, having a frontage of 60 feet on Harmon Street as same existed prior to the construction of present Louisiana Highway 15, and a depth running back from Harmon Street of 150 feet between equal and parallel lines; and being the same property acquired by Carl Loomis by purchase from Enoch E. McLain under Act of Sale dated August 1, 1956, filed for records under Register No. 59339 and recorded in COB X-5, page 232 of the records of Concordia Parish, Louisiana, together with all buildings and improvements thereon. LESS AND EXCEPT all that portion of the above described property embraced within the right of way of Louisiana Highway 15 as described in Right of Way Deed dated March 17, 1937, filed for record under Registry No. 8486 and records in COB MM at page 214 of the records or Concordia Parish, Louisiana.

SUBJECT TO all servitudes and easements, recorded and unrecorded, and whether existing by convention, usage or operation of law.

Tract No. 2:

The East one-half (E1/2) of LOT NO. FOUR (4) in Square No. Two (2) of the Village of Clayton, in Concordia Parish, Louisiana, having a frontage of 60 feet on Harmon Street as same existed prior to the construction of present Louisiana Highway 15, and a depth, running back from Harmon Street, of 60 feet between equal and parallel lines; and being the same property acquired by W.C. Loomis by purchase from John Loomis under Act of Sale dated October 25, 1955, filed for record under Register No. 56039 and records in COB Q-5, page 279 of the records of Concordia Parish, Louisiana, together with all buildings and improvements thereon.

LESS AND EXCEPT all that portion of the above described property embraced within the right of way of Louisiana Highway 15 as described in Right-of-Way Deed dated September 24, 1937, filed for record under Registry No. 8489 and recorded in COB MM page 216 of the records of Concordia Parish, Louisiana.

TRACT TEN (10) and TRACT ELEVEN (11) being the same property acquired by Stanley B. Carter by purchase from Mrs. Mildred E. Loomis, et al, under Act of Sale dated October 4, 1976, filed for record under Registry No. 132310 and

recorded in COB 94 page 244 of the records of Concordia Parish, Louisiana.

SUBJECT TO all servitudes and casements, recorded and unrecorded, and whether existing by convention, usage or operation of law.

Tract No. 3.

All Lot 2, Square being 60 feet by 150 feet; Also Lot 4 Square 2; LESS AND EXCEPT: A certain portion of Lot 4 Square 2, having a frontage of 60 feet on Hannan Street by depth of 47.2 feet sold Loomis. Said lots being in the Village of Clayton, Concordia Parish, Louisiana, and is shown on plat in Conveyance Book "DD" page 184.

Being the same property acquired by Stanley B. Carter by purchase from Leroy Gray under Act of Sale dated April 25, 1977, filed for record under Registry No. J 134618 and recorded in COB 101, page 189 of the Records of Concordia Parish, Louisiana.

SUBJECT TO all servitudes and easements, recorded and unrecorded, and whether existing by convention, usage or operation of law.

LESS AND EXCEPT:

All that portion of Tracts Ten, Eleven and Twelve embraced within the right of way of Louisiana Highway 15, as described in Right of Way Deed dated March 17, 1937, filed for record under Registry No. 8490, recorded in COB MM page 217 of the records of Concordia Parish, Louisiana.

Ferriday Property

A certain tract of land, together with all improvements thereon, situated in the Town of Ferriday, Concordia Parish, Louisiana, being more fully shown as an unnumbered lot on the plat of Woodland Subdivision recorded in Conveyance Book Q-5, Page 85 of the records of Concordia Parish, Louisiana, being more particularly described as follows: Beginning at the corner common to Lots 1, 2 and 3 of Block 3 Woodland Subdivision, as shown by the aforesaid plat, run South 86 degrees 31 minutes East along the Northern boundary of said Lot 1 the distance of 146.07 feet to the Western right-of-way of U.S. Highway No. 65; thence turn left and run 312.13 feet along the arc of the curve of the Western boundary of U.S. Highway No. 65, said arc having a radius of 5,829.58 feet; thence turn left and run North 52 degrees 02 minutes West 179.93 feet; thence turn left and run South 03 degrees 39 minutes West 413.96 feet back to the point of beginning being the same property purchased from Mid Continent Systems, Inc. by deed dated March 4, 1981, and recorded in Conveyance Book 156, page 776, records of Concordia Parish, Louisiana.

LESS AND EXCEPT lite following 0.267 acre tract sold on June 29, 2000 and recorded in Conveyance Book 385, page 549, records of Concordia Parish, Louisiana:

A 0.267 acre tract situated in Section 41, T1 8N-R9E, Town of Fe1Tiday, Concordia Parish, Louisiana, said 0.267 acre tract being a portion of an existing 1.239 acre tract as shown of plat entitled, "Plat of Boundary and Topographic Survey of a 1.239 Acre Tract". Dated 01/29/96 by Gary W. Caldwell P.L.S., said 0.267 acre tract being more particularly described as follows:

Commence at a found ½ inch iron rod at the northwesterly corner of Lot 1 of Woodland Subdivision as shown on plat recorded in COB Q-5 page 85 in the records of Concordia Parish, Louisiana, said iron rod being the POINT OF BEGINNING of herein described tract; thence along the westerly boundary of said 1.239 acre tract and along the easterly boundary of Woodland Subdivision N03°39'08"E 30.00 feet to a ½" inch iron rod; thence S86°31'00"E 145.13 feet to an "x" chiseled in a concrete drive; thence along the westerly right-of-way of U.S. Highway 65 and Louisiana Highway 15 along the arc of a curve having a radius of 5,829.58, a chord bearing of S02°58'33"W and an arc length of 80.00 feet to a found ½ inch iron rod; thence along the southerly boundary of said 1.239 acre

tract N86°31'00"W 146.00 feet to the POINT OF BEGINNING.

And containing 0.267 acres, more or less.

Said property being subject to all right-of-ways, servitudes, and easements recorded in the records of Concordia Parish, Louisiana; all unrecorded legal servitudes including those established through use and/or maintenance.

Containing after the Less & Except, 0.972 acres, more or less.

NOTICE TO BIDDERS

Vidalia, Louisiana
Concordia Parish Airport
AIP Project No. 3-22-0061-024-2026

Sealed bids will be received until **4:30 pm local time on May 27, 2026**, and then publicly opened and read at the Concordia Parish Police Jury Office, 4001 Carter Street; Room 1, Vidalia, Louisiana, for furnishing all labor, materials and equipment and performing all work necessary to complete:

Schedule I

Construct 65' x 65' Hangar with Bi-Fold Door

Copies of the bid documents including project drawings and technical specifications are on file and may be inspected at:

ACE Consulting and Design, LLC; 1060 E. County Line Road; Suite 3A-290; Ridgeland, MS 39157

Concordia Parish Airport Authority, 359 National Guard Road; Vidalia, LA 71373

A complete set of bid documents may be obtained from the office of ACE Consulting and Design, LLC; 1060 E. County Line Road; Suite 3A-290.; Ridgeland, MS 39157, by e-mail mcorkern@ace-c-d.com or by phone 601-882-5533 for a fee of \$75.00 which is refundable per Louisiana Public Bid Law. An electronic pdf copy of bid documents can be obtained at no cost.

Pre-Bid Meeting. A non-mandatory pre-bid meeting will be held on May 15, 2026 at 10:30 am. This meeting will be held at the Concordia Parish Airport Terminal located at 359 National Guard Road, Vidalia, LA 71373.

Contract Work Items: This project will involve, but not be limited to, the following work items: Construct the foundation for a 65' x 65' hangar, erection of said hangar, electrical components necessary to provide power and light for the hangar and operate the bi-fold doors.

Contract Time

The owner has established a contract performance time of 120 calendar days from the date of the Notice-to-Proceed. All project work shall be substantially completed within the stated timeframe. This project is subject to liquidated damages as prescribed within the project manual.

Bid Security

Each proposal must be accompanied by a bid guaranty in the amount of five (5) percent of the total amount of the bid. The bid guaranty may be by certified check or bid bond made payable to Concordia Parish Airport Authority

Bonding Requirements

The successful bidder will be required to furnish separate performance and payment bonds each in the amount equal to 100% of the contract price at the time of contract execution.

Award of Contract

All proposals submitted in accordance with the instructions presented herein may be held by the Concordia Parish Police Airport Authority for a period not to exceed 45 days from the date of the bid opening. The owner shall then award said contract to the lowest responsible bidder or reject all bids.

Award of contract will be based on the sum of the base bid and any alternates accepted, submitted from those bidders that are confirmed as being responsive and responsible. The right is reserved, as Concordia Parish Police Jury may require, award contract to the lowest responsible bidder or reject all bids.

Award of contract is contingent upon the owner receiving sufficient Federal funding assistance under the Airport Improvement Program.

State Provisions

All procedures shall meet the statutes stipulated in the Public Bid Law, Chapter 10 of Title 38 of the Louisiana Revised Statutes as amended through 2008 regular session, October 2008, inclusively.

Federal Provisions

This project is subject to the following Federal provisions, statutes and regulations;

[Equal Employment Opportunity - Executive Order 11246 and 41 CFR Part 60](#)

[Goals for Minority and Female Participation – Executive Order 11246 and 41 CFR Part 60.](#)

[Certification of Nonsegregated Facilities – 41 CFR Part 60: Debarment, Suspension, Ineligibility and Voluntary Exclusion – 49 CFR Part 29.](#)

[Foreign Trade Restriction – 49 CFR Part 30](#)
[Buy American Certificate – Aviation Safety and Capacity Act of 1990:](#)

Additional Provisions

Modification to the project documents may only be made by written addendum by the Owner or Owner's authorized Representative.

The proposal must be made on the forms provided within the bound project manual. Bidders must supply all required information prior to the time of bid opening.

Submittal of Proposals

Additional information and instruction for submittal of a proposal are provided within the Instructions-to-Bidders. Envelopes containing bids must be sealed and addressed to:

Carl Sayers, President
Concordia Parish Airport Authority
4001 Carter Street, Room 1
Vidalia, Louisiana 71373

The upper left hand corner of the sealed envelope must identify the following information:

NOTICE OF PUBLIC HEARING**

Notice is hereby given that the Concordia Parish Police Jury shall hold a public hearing on **MAY 27, 2026**, at 6:00 p.m., at the Concordia Parish Police Jury Meeting Room, located at 4001 Carter Street Room 2 Vidalia, La 71373, for the purpose of receiving public comment on a proposed revision to Ordinance No. 2023-11-27. The proposed revision amends the existing 5-ton load limit ordinance to include additional parish roads, specifically **East Road, East Cottondale Road, and West Cottondale Road**, along with previously designated roads.

5/6,13,20 \$

PUBLIC NOTICE

Concordia Parish proposes the renovation of its existing lagoon system to correct the problems they are experiencing with high discharge concentrations of BOD, TSS, and Fecal Coliform. The proposed project provides for a polishing reactor which will reduce BOD and TSS to the required effluent limits. In addition, the reactor will achieve compliance with the ammonia limit in the discharge permit. All work will be within the current footprint of the plant site or within existing right-of-way. No new right-of-way or land acquisition will be required for this project. There are no known environmentally sensitive areas associated with this project.

This project will be funded in part through the Clean Water State Revolving Fund (CWSRF) program administered by the Louisiana Department of Environmental Quality (LDEQ). Eligibility of this project has been determined in accordance with the 1987 Amendments to the Clean Water Act and corresponding Federal Regulations.

In accordance with LDEQ's rules and regulations for the CWSRF program as authorized by Public Law 100-4 and administered according to Act 349 of the 1986 Regular Session of the Louisiana Legislature, as amended by Act 296 of the 2010 Regular Session of the Louisiana Legislature, LDEQ has determined that there will be no adverse environmental impacts from the proposed action and has issued a Categorical Exclusion. A copy of the Categorical Exclusion may be viewed at the Parish Courthouse and may also be accessed on LDEQ's Electronic Data Management System (EDMS) at <http://www.deq.louisiana.gov/portal/tabid/2604/Default.aspx>. The Agency Interest (AI) number for this project is 38522.

The comment period for this document will expire on May 26, 2026. Please direct all comments to:

William Barlett, P.E.
Office of Environmental Assessment
LA Department of Environmental Quality
P.O. Box 4314
Baton Rouge, LA 70821-4314

No action will be taken by LDEQ until the comment period has concluded.

5/13

**RE: SAFE DRINKING WATER ACT:
Notice of Violation/Public Notification of Non-Compliance
Disinfectants/Disinfection By-Products rule(TTHMs) MCL Violation
Community Water System
Town of Clayton Water System
PWS ID # LA1029002
Concordia Parish**

Part XI of the Louisiana State Sanitary code requires the notice include the following statements:

The Town of Clayton Water System is currently in violation of the maximum contaminant level (MCL) for total trihalomethanes as set forth by the State [Part 51:XII of the Louisiana State Sanitary Code (LAC 51:XII)] and the Federal Primary Drinking Water Regulations (40 CFR Part 141).

The United States Environmental Protection Agency (EPA) and the Louisiana Department of Health (LDH) set drinking water standards and requires the disinfection of drinking water. Where disinfection is used in the treatment of drinking water, disinfectants combine with naturally occurring organic and inorganic matter present in water to form chemicals called disinfection byproducts (DBPs). EPA and LDH set standards for controlling the levels of disinfectants and DBPs in drinking water, including trihalomethanes (THMs) and haloacetic acid (HAAs). Some people who drink water containing THMs in excess of the MCL over many years may experience problems with their liver, kidneys, or central nervous system, and may have an increased risk of getting cancer.

In December 1998, EPA set enforceable drinking water standards for TTHMs at 80 parts per billion (ppb) and for HAAs at 60 parts per billion (ppb) to reduce the risk of cancer or other adverse health effects. Compliance with the TTHMs and HAAS standard for public water systems serving less than 10,000 individuals initially became effective and enforceable on January 1, 2004. Compliance with the TTHMs standard is determined by calculating a locational running annual average (LRAA) of quarterly TTHMs sample results. Compliance calculations performed for the **first quarter of 2026** show that the system's current TTHMs LRAAs are 126 ppb at DBP02- 154 Carter and 110 ppb at DBP03- 313 Loomis St.; Thus, the system is currently in violation of the TTHMs standard.

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

This is not an emergency. If it had been, you would have been notified immediately. EPA and LDH do not consider this violation to have any serious adverse health effects on human health as a result of short-term exposure; however, continued long-term exposure to TTHMs and HAAs levels above the standard (e.g., 20 years of exposure) has the potential to have serious adverse effects

on human health.

JCP, our water operator is working with the state concerning our water matter. Please feel to contact us at 318-757-8540 or write us at Village of Clayton, PO Box 277, Clayton, LA 71326

The Water We Drink

TOWN OF CLAYTON WATER SYSTEM

Public Water Supply ID: LA1029002

We are pleased to present to you the Annual Water Quality Report for the year 2025. This report is designed to inform you about the quality of your water and services we deliver to you every day (Este informe contiene información muy importante sobre su agua potable. Tradúzalo o háble con alguien que lo entienda bien). Our constant goal is to provide you with a safe and dependable supply of drinking water. We want you to understand the efforts we make to continually improve the water treatment process and protect our water resources. We are committed to ensuring the quality of your water.

Our water source(s) are listed below:

Source Name	Source Water Type
WELL 1	Ground water
WELL 2	Ground water

The sources of drinking water (both tap water and bottled water) include rivers, lakes, streams, ponds, reservoirs, springs, and wells. As water travels over the surface of land or through the ground, it dissolves naturally occurring minerals and, in some cases, radioactive material, and can pick up substances resulting from the presence of animals or from human activity. Contaminants that may be present in source water include:

- Microbial Contaminants** - such as viruses and bacteria, which may come from sewage treatment plants, septic systems, agricultural livestock operations, and wildlife.
- Inorganic Chemicals** - such as salts and metals, which can be naturally occurring or result from urban stormwater runoff, industrial, or domestic wastewater discharges, oil and gas production, mining, or farming.
- Pesticides and Herbicides** - which may come from a variety of sources such as agriculture, urban stormwater runoff, and residential uses.
- Organic Chemical Contaminants** - including synthetic and volatile organic chemicals, which are by-products of industrial processes and petroleum production, and can also come from gas stations, urban stormwater runoff, and septic systems.
- Radioactive Contaminants** - which can be naturally-occurring or be the result of oil and gas production and mining activities.

A Source Water Assessment Plan (SWAP) is now available from our office. This plan is an assessment of a delineated area around our listed sources through which contaminants, if present, could migrate and reach our source water. It also includes an inventory of potential sources of contamination within the delineated area, and a determination of the water supply's susceptibility to contamination by the identified potential sources. According to the Source Water Assessment Plan, our water system had a susceptibility rating of "HIGH". If you would like to review the Source Water Assessment Plan, please feel free to contact our office.

In order to ensure that tap water is safe to drink, EPA prescribes regulations which limit the amount of certain contaminants in water provided by public water systems. Food and Drug Administration regulations establish limits for contaminants in bottled water which must provide the same protection for public health. We want our valued customers to be informed about their water utility. If you have any questions about this report, want to attend any scheduled meetings, or simply want to learn more about your drinking water, please contact ROBERT JAMES LEE at 318-757-8540.

There is no safe level of lead in drinking water. Exposure to lead in drinking water can cause serious health effects in all age groups, especially pregnant people, infants (both formula-fed and breastfed), and young children. Some of the health effects to infants and children include decreases in IQ and attention span. Lead exposure can also result in new or worsened learning and behavior problems. The children of people who are exposed to lead before or during pregnancy may be at increased risk of these harmful health effects. Adults have increased risks of heart disease, high blood pressure, kidney or nervous system problems. Contact your health care provider for more information about your risks.

The Louisiana Department of Health and Hospitals - Office of Public Health routinely monitors constituents in your drinking water according to Federal and State laws. The tables that follow show the results of our monitoring during the period of January 1st to December 31st, 2025. Drinking water, including bottled water, may reasonably be expected to contain at least some small amounts of contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk.

In the tables below, you will find many terms and abbreviations you might not be familiar with. To help you better understand these terms, we've provided the following definitions:

Parts per million (ppm) or Milligrams per liter (mg/L) - one part per million corresponds to one minute in two years or a single penny in \$10,000.

Parts per billion (ppb) or Micrograms per liter (µg/L) - one part per billion corresponds to one minute in 2,000 years, or a single penny in \$10,000,000.

Picocuries per liter (pCi/L) - picocuries per liter is a measure of the radioactivity in water.

Treatment Technique (TT) - an enforceable procedure or level of technological performance which public water systems must follow to ensure control of a contaminant.

Action level (AL) - the concentration of a contaminant that, if exceeded, triggers treatment or other requirements that a water system must follow.

Maximum contaminant level (MCL) - the "Maximum Allowed" MCL is the highest level of a contaminant that is allowed in drinking water. MCL's are set as close to the MCLG's as feasible using the best available treatment technology.

Maximum contaminant level goal (MCLG) - the "Goal" is the level of a contaminant in drinking water below which there is no known or expected risk to human health. MCLG's allow for a margin of safety.

Maximum residual disinfectant level (MRDL) - The highest level of a disinfectant allowed in drinking water. There is convincing evidence that addition of a disinfectant is necessary for control of microbial contaminants.

Maximum residual disinfectant level goal (MRDLG) - The level of a drinking water disinfectant below which there is no known or expected risk to health. MRDLG's do not reflect the benefits of the use of disinfectants to control microbial contaminants.

Level 1 assessment - A study of the water system to identify potential problems and determine (if possible) why total coliform bacteria have been found in our water system.

Level 2 Assessment - A very detailed study of the water system to identify potential problems and determine (if possible) why an E. coli MCL violation has occurred and/or why total coliform bacteria have been found in our water system on multiple occasions.

Compliance Period	Analyte	Type
1/1/2025 - 3/31/2025	TTHM	MCL, LRAA
2/6/2025	GROUNDWATER RULE	FAILURE ADDRESS DEFICIENCY (GWR)
2/6/2025 - 2/5/2025	GROUNDWATER RULE	FAILURE ADDRESS DEFICIENCY (GWR)
2/6/2025 - 10/24/2025	GROUNDWATER RULE	FAILURE ADDRESS DEFICIENCY (GWR)
4/1/2025 - 6/30/2025	TTHM	MCL, LRAA
7/1/2025 - 9/30/2025	TTHM	MCL, LRAA
10/1/2025 - 12/31/2025	TTHM	MCL, LRAA

Our water system tested a minimum of 1 sample(s) per month in accordance with the Total Coliform Rule for microbiological contaminants. With the microbiological samples collected, the water system collects disinfectant residuals to ensure control of microbial growth.

Disinfectant	Date	HighestRAA	Unit	Range	MRDL	MRDLG	Typical Source
CHLORINE	2025	2.6	ppm	0.56 - 4.16	4	4	Water additive used to control microbes

In the tables below, we have shown the regulated contaminants that were detected. Chemical Sampling of our drinking water may not be required on an annual basis; therefore, information provided in this table refers back to the latest year of chemical sampling results.

The State of Louisiana regularly monitors source water per State and Federal Regulations. Treated water samples are monitored to further evaluate compliance.

Source Water Regulated Contaminants	Collection Date	Highest Value	Range	Unit	MCL	MCLG	Typical Source
BARIIUM	3/13/2023	0.65	0.65	ppm	2	2	Discharge of drilling wastes; Discharge from metal refineries; Erosion of natural deposits
FLUORIDE	3/13/2023	0.3	0.3	ppm	4	4	Erosion of natural deposits; Water additive which promotes strong teeth; Discharge from fertilizer and aluminum factories

Treated Water Regulated Contaminants	Collection Date	Highest Value	Range	Unit	MCL	MCLG	Typical Source
BARIIUM	2/25/2025	0.54	0.38 - 0.54	ppm	2	2	Discharge of drilling wastes; Discharge from metal refineries; Erosion of natural deposits
NITRATE-NITRITE	2/25/2025	0.5	0.5	ppm	10	10	Runoff from fertilizer use; Leaching from septic tanks, sewage; Erosion of natural deposits

As used in this Section, "mandatory containment practices" means the containment practices prescribed in and required by the state Uniform Construction Code, LAC 171, including maintenance and testing requirements, and any additional or related requirements of this Part. B. In order to protect its water supply from potential contamination, each water supplier shall make a reasonable effort to ensure that only customers who comply with mandatory containment practices connect or remain connected to its water supply.

10/4/2024	WATER SYSTEM	200P1 2A	GWR ADDRESS TT45 DEFICIENCIES	2/5/2025	LAC 51:XII.319.D.6 and 309.A - All public water supplies shall be under the supervision and control of a duly certified operator as per requirements of the State Operator Certification Act, Act 538 of 1972, as amended (R.S. 40:1281.1-1.11);
-----------	--------------	----------	-------------------------------	----------	--

*****Environmental Protection Agency Required Health Effects Language*****
 Some people may be more vulnerable to contaminants in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. EPA/CDC guidelines on appropriate means to lessen the risk of infection by Cryptosporidium and other microbial contaminants are available from the Safe Drinking Water Hotline (800-426-4791).

Lead can cause serious health problems, especially for pregnant women and young children. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. TOWN OF CLAYTON WATER SYSTEM is responsible for providing high quality drinking water and removing lead pipes but cannot control the variety of materials used in plumbing components in your home. You share the responsibility for protecting yourself and your family from the lead in your home plumbing. You can take responsibility by identifying and removing lead materials within your home plumbing and taking steps to reduce your family's risk. Before drinking tap water, flush your pipes for several minutes by running your tap, taking a shower, doing laundry or a load of dishes. You can also use a filter certified by an American National Standards Institute accredited certifier to reduce lead in drinking water. If you are concerned about lead in your water and wish to have your water tested, contact TOWN OF CLAYTON WATER SYSTEM and ROBERT JAMES LEE BUS Phone: 318-757-8540. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available at <http://www.epa.gov/safewater/lead>.

Additional Required Health Effects Language:

Some people who drink water containing trihalomethanes more than the MCL over many years may experience problems with their liver, kidneys, or central nervous systems, and may have an increased risk of getting cancer.

There are no additional required health effects violation notices.

 Thank you for allowing us to continue providing your family with clean, quality water this year. To maintain a safe and dependable water supply we sometimes need to make improvements that will benefit all of our customers.

We at the TOWN OF CLAYTON WATER SYSTEM work around the clock to provide top quality drinking water to every tap. We ask that all our customers help us protect and conserve our water sources, which are the heart of our community, our way of life, and our children's future. Additional information on the water system can be found at www.lch.la.gov/watergrade. Please call our office if you have questions.

This notice will not be mailed directly to the consumer. Should you desire a paper copy of this report, please contact the Town of Clayton @ 318-757-8540.

Clayton Delinquent Tax Notices

Village Tax Sale of immovable Property, State of Louisiana, Parish of Concordia, Village of Clayton, Louisiana, vs Delinquent Tax Debtors.

By Virtue of the authority vested in me by the Constitution and laws of the State of Louisiana I will sell at the principal front door of the city hall in Clayton, Louisiana, within legal sale hours for judicial Sales beginning at 10:00 a.m., Friday June 26, 2026 and continuing each succeeding day until sales are completed, all immovable property on which taxes are now due to the Village of Clayton to enforce collection of taxes assessed in year 2025, together with interest from the 31st day of December, 2025, at the rate of ten percent annum until paid and all costs, the names of said delinquent Taxpayers, the amount due to be offered for sale as follows:

PROCESS VERBAL

I Sally B Lewis Tax Collector for the Village of Clayton, Louisiana, do hereby certify that the forgoing and attached pages hereto and made a part hereof, is a true and correct list of delinquent taxpayers who have failed to pay their taxes for 2025, showing their names, post office addresses and a brief description to their properties on which taxes are due, and the amount of the taxes: that the parties have failed to pay the taxes assessed to them on the property described in this list and a printed and written notice has been mailed to each of them by certified mail and signed by my official notifying them that the property would be sold according to law; that each of the notices showing the amount of the taxes due.

In faith whereof, I have closed the process Verbal this 13th day of May 2026 i the presence of two undersigned witness over the age of 14 years.

s/ Sally B. Lewis
 Tax Collector

Delinquent Tax Notices

DELINQUENT TAX AND STATUTORY IMPOSITION LIST
 Concordia Parish
 Sheriff vs. Delinquent Tax Debtors

By virtue of the authority vested in me by the Constitution and the laws of the State of Louisiana, I will sell by public auction, **IN THE POLICE JURY MEETING ROOM OF THE JUDICIAL DISTRICT COURTHOUSE, LOCATED AT 4001 CARTER STREET, ROOM 2, VIDALIA, LA 71373** beginning at **10:30** 'clock a.m. on **TUESDAY, the 19TH day of May, 2026,** and continuing on each succeeding legal day, until the auction is completed, the tax lien. I will issue in favor of the winning bidder and record in the mortgage records a tax lien certificate to all immovable property on which taxes are now due to, to enforce collection of taxes Concordia Parish assessed in the year 2025, together with interest thereon from January 1, 2026, at the rate not to exceed one percent (1%) per month on a non-compounding basis until paid and all costs. The names of the delinquent tax debtors, the amount of statutory impositions due, including any due for prior years, and the immovable property assessed to each for which a tax lien certificate will be issued are as follows:
