

# SLU’s Artigues on committee

HAMMOND, La. – South-eastern Louisiana University Director of Athletics Jay Artigues has been appointed to the NCAA Division I Baseball Committee, effective Sept. 1, 2021.

Artigues, who is completing his eighth year as the SLU athletic director, will serve a four-year term on the committee that provides administrative oversight of the Division I Baseball Championship, including the College World Series along with the selection and seeding of the 64-team bracket.

“I’m really excited to be serving on the baseball committee for the next four years,” Artigues said. “It’s an honor and privilege to represent both Southeastern and the Southland Conference on a national level. I look forward to working with a great group of administrators from around the country.”

Under Artigues’ guidance, Southeastern has hosted the Southland Conference Softball Tournament twice, in addition to the conference’s baseball

# Sankey new contract

Southeastern Conference Commissioner Greg Sankey has agreed to a contract extension that will keep him in his post through at least 2026, the Conference announced.

Sankey’s contract extension, approved by the Conference’s Presidents and Chancellors, continues a role he began on June 1, 2015, when he became the eighth Commissioner of the SEC.

“College athletics is in the midst of a transformational period, and the SEC is fortunate to have a highly impactful leader to guide us forward at this critical time in our history,” said Jere Morehead, President of the University of Georgia and current President of the SEC. “He has effectively introduced change and advancement for

# Auction set for NSU biennial

Already off to a brisk start, tickets remain available for Northwestern State’s biennial scholarship auction event, set for Aug. 21 at the Natchitoches Events Center.

The “Meet the Demons” event, presented by BOM, begins with a cocktail hour at 5 p.m. with dinner being served at 6 p.m. The program and live auction begins at 6:45 p.m. with the popular “Final Five” drawing taking place an hour later. All proceeds from the event benefit the more than 300 Northwestern State student-athletes.

Fans who attend the event will be able to meet Northwestern State coaches and players while bidding on athletic mem-

# LSU ranked No. 13 in poll

LSU will enter the 2021 season ranked in the Top 25 as the Tigers come in at No. 13 in the USA Today Preseason Coaches Poll, which was released on Tuesday.

It’s the 21st consecutive season the Tigers start the year ranked in the Top 25, a streak that dates back to 2001.

LSU opens the year on September 4 against UCLA at the Rose Bowl in Pasadena.

LSU is one of six Southeastern Conference teams in the USA Today Preseason Top 25, joining No. 1 Alabama, No. 5 Georgia, No. 6 Texas A&M, No. 11 Florida, and No. 25 Ole Miss. LSU hosts both Texas A&M and Florida in Tiger Stadium this year. The Tigers returns 18 starters and 54 letterwinners from last year’s 5-5 squad.

LEGAL NOTICE

STATE OF LOUISIANA, OFFICE OF CONSERVATION,

BATON ROUGE, LOUISIANA.

In accordance with the laws of the State of Louisiana, and with particular reference to the provisions of Title 30 of Louisiana Revised Statutes of 1950, a public hearing will be held in the Hearing Room, 1st Floor, LaSalle Building, 617 North 3rd Street, Baton Rouge, Louisiana, at 9:00 a.m. on **TUESDAY, AUGUST 24, 2021**, upon the application of **BAY GAS, LLC**.

At such hearing the Commissioner of Conservation will consider evidence relative to the issuance of Orders pertaining to the following matters relating to the **Campbell Sand, Reservoir B**, in the Esperance Point Field, Concordia Parish, Louisiana.

1. To authorize applicant to drill, designate and utilize the Bay Gas-Hogue Est, “B1” No. 1 Well as an alternate unit well for CAMPLB RB SUA at the location shown on the plat submitted with the application.
2. To find that the proposed alternate unit well is necessary to efficiently and economically drain a portion of the Campbell Sand Reservoir underlying CAMPLB RB SUA which cannot be efficiently and economically drained by any existing well on this unit.
3. To permit the operator of CAMBL RB SUA to produce the unit allowable from the unit well, the alternate unit well, or a combination of such wells, at the option of the Operator.
4. Except as in conflict with these proposals, to continue in force and effect the provisions of Office of Conservation Order No. 309-A-9, effective July 17, 2012, as amended and supplemented by the 309-A Series of Orders, the units created thereby, and of all applicable Statewide Orders.
5. To consider such other matters as may be pertinent.

The Campbell Sand, Reservoir B was defined in Order No. 309-A-9, effective July 17, 2012.

A plat is available for inspection in the Office of Conservation in **Baton Rouge and Monroe, Louisiana.**

NOTICE

NOTICE is hereby given, pursuant to article IV, section 21 (D) (1) of the Louisiana Constitution, that on July 30, 2021, Entergy Louisiana, LLC (“ELL”) an electric public utility providing retail electric service to customers in fifty-eight Parishes of the State of Louisiana, filed with the Louisiana Public Service Commission (“LPSC” or the “Commission”) in LPSC Docket No. U-35991, First and Second Supplemental Applications requesting a Financing Order, a new Rider Financed Storm Cost IV (“FSC IV”) rider schedule, and a new Rider Storm Cost Offset IV (“SCO IV”) rider schedule, to implement various rate changes for recovery in rates of costs related to Hurricanes Laura, Delta, Zeta and Winter Storm Uri pursuant to Act No. 55 of the Louisiana Regular Session of 2007 (“Act 55”), as supplemented by Act No. 293 of the Louisiana Legislature’s Regular Session of 2021 (together the “Restoration Law”).

In order to pursue financing authorized by the Restoration Law, ELL and the Louisiana Utilities Restoration Corporation (“LURC” or “Corporation”) have requested that the Commission approve and authorize the Corporation to finance, through the issuance of system restoration bonds, ELL’s system restoration costs associated with Hurricanes Laura, Delta, and Zeta, and Winter Storm Uri and related relief under the Restoration Law. The Corporation and ELL have requested Commission authorization for the issuance of system restoration bonds in one or more series in an aggregate principal amount equal to the sum of \$2.181 billion of net system restoration costs, which includes the costs of reestablishing and funding a storm damage escrow in the amount of \$290 million, carrying costs and unamortized debt costs on interim financing, and issuance costs.

To finance these costs, ELL proposes to implement Rider FSC IV Rates, on behalf of LURC, effective by billing on the first day of the first billing cycle of the next revenue month following the issuance date of the system restoration bonds. Assuming system restoration bond issuance on February 1, 2022, Rider FSC IV Rates will be implemented with the first billing cycle of March 2022. The Rider FSC IV Rates, as periodically adjusted, will continue in effect until all system restoration bonds shall have been paid in full and all financing costs of the system restoration bonds shall have been recovered in full. ELL requests Commission determination that the calculation of the Rider FSC IV Rates will apply to all rate

classes, including any Special Contracted Rate customers and will be non-passable, which means that, with limited exception, all existing and future LP-SC-jurisdictional ELL customers will be responsible for these charges.

Other adjustments required to compensate for certain costs or benefits relating to elements other than those relating to the financing transaction, including accumulated deferred income taxes and other savings pursuant to Restoration Law Financing, are proposed to be reflected in the Rider SCO IV.

If the Commission were to issue a financing order for the full amount requested by ELL and were it to adopt the rate design reflected in Riders FSCIII and SCOIII (pertaining to Hurricane Isaac): (1) the system restoration charge, billed on behalf of the LURC, on the monthly electric bill through Rider FSC IV for one of ELL’s LPSC-jurisdictional residential customers using 1,000 kWh is estimated at \$5.10 per month; (2) the first year’s Rider SCOIV imposed on the monthly electric bill of one of its LPSC-jurisdictional residential customers through proposed Rider SCOIV using 1,000 kWh is estimated to be a credit of \$0.32 per month; and (3) the net effect of Rider FSCIV and Rider SCOIV on a residential customer using 1,000 kWh is estimated to be \$4.78 per month, which equates to an increase of 4.1%.

The public version of the Company’s filing, including its attachments, may be viewed in the Records Division of the LPSC at the following address:
