iust a label."

Smith saw his dream of being a part of a state championship team

stopped twice at Ferriday High. In Smith's senior year in 2000, the Trojans lost to Farmerville 14-0 in the Class 2A quarterfinals.

Ferriday had beaten Farmerville in overtime during the regular season.

Smith, who would be the Parish Player of the Year, collected 155 tackles, seven sacks, forced nine fumbles and had 28 tackles behind the line of scrimmage. He also had three interceptions for a team which held opponents to 112 points or 8.6 a game.

But the loss to Farmerville is the main thing Smith remembers.

"I think my senior year we should have won a state championship," Smith said. "We played Farmerville. They were a great team and we lost to them on two great plays they made. I speak to Demetric Carr every time I go to a convention. They went on to win a state championship the next year, but they basically had the same team when he was a junior. It was a battle. We just came up a little short. But we were right there in the thick of things."

Smith went on to play college football at Louisiana-Lafayette before going on to coach at Carroll, Grant High, Arkansas-Pine Bluff and Louisiana College before landing a job at Franklin Parish.

When Dwight Woods resigned, Smith earned his first head coaching job at his alma mater. Smith was Chad Harkins' assistant coach at Ferriday in 2010.

Trojans The defeated Farmerville 32-22 in its final game of the season to win the district title.

But the Trojans, who finished 7-4, were upset by Pope John Paul II 17-14 after scoring the first two times it had the ball.

Smith now has another chance to win a state title at Ferriday.

"My first year when I came back to Ferriday we were in the same district as Farmerville," Smith said. "We went up there and beat them for the district championship. That was a little

revenge for me."

Smith said his dream coaching job has always been Ferriday High.

"I love coaching, I love the game," he said. "I just want to be a ball coach. I want to focus on changing lives and opening these guys' eyes that they can get out of Ferriday and use this sport to do whatever they want to do. I want to make sure they are in the best situation for success. Coach (Cordell) Bailey and Coach (James) McFarland put their lives into it to make us better. I'm returning the favor."

Indeed.

Ferriday earned the right to say JYD in Smith's first year.

And the defense has been lights out for the most part.

Ferriday has outscored its opponents 684-134 this year. And that includes a 35-22 loss to Alexandria Senior High in the season-opener without the benefit of a scrimmage or jamboree.

Ferriday had tentatively scheduled a jamboree game with John Curtis, but the logistics fell through at the last minute.

I had a north Louisiana sports radio guy call me late in the game Friday night asking for an update.

After the update he asked me if this was the best Ferriday day

I had to think for a second. Certainly that 1981 Ferriday team was one to remember.

That 1981 team was led by Walter Johnson, Nathaniel Williams, Keith Henderson, Danny Fletcher, Reggie Melancon, Gregory Moore, Cedric Morgan and others.

That Ferriday team was 12-0 going against a John Curtis team that was 13-0 and led by future SMU standout running back Reggie Dupard.

Ferriday actually jumped out to a 16-7 first quarter lead, but the Patriots came back to lead 28-24 at halftime.

The Patriots led 36-24 after three quarters and both teams scored six points in the final quarter as the scoreboard showed a 42-30 final in a game played before a jam-packed crowd, includ-

ing LSU head football coach Jerry Stovall.

After the game, John Curtis school founder John Curtis Sr., whose son John Curtis Jr., was the head coach, told Baldwin, "You are the best we've played all year. We have played some quad-A teams and none of them matched your team."

Curtis beat E.D. White 21-17 the following week for its third straight championship.

"J.T. and I became good friends," Baldwin said. "He told me after the game that it was the

greatest high school game he had ever been involved with. It was a great game and very memorable. Both teams played their hearts out. Our kids gave all they had. I thought one call affected the outcome. When Bobby Ray Thompson's touchdown was called back, it kind of knocked the wind out of

And, of course, the 1984 team that lost to John Curtis in the Dome with the likes of James Jones, Tony Moore, Eddie Blakenship, Francis Duncan, Keith Whitley, Dyron Jones and others.

And it's apples and oranges with the Ferriday Bulldogs teams of the 1950s. A couple of those teams could have competed with small college teams.

But as far as Ferriday Trojans teams? I did tell the guy on the line (they always call in the middle of big plays) that this team is certainly better than the last two that reached the semifinals, even led by Dare Rosenthal and Dantrieze Scott.

I told people this year after the third game of the season this team was more focused, more disciplined, did not take plays off and kept its focus, which they continued to do throughout the season.

And the play of the overlooked and dominating offensive line, with the talent and leadership of quarterback Kobe Dillon has been huge.

If the Trojans could finish up with a win and state title Friday, I would think they would earn the title. And then maybe we could talk John Curtis into a game.

But first things first. Many and a first state championship for the Ferriday Trojans.

RESOLUTION NO. <u>04-19-18-01-02</u>

A RESOLUTION OF THE CONCORDIA PARISH SCHOOL BOARD APPROVING SYRAH TECHNOLOGIES, LLC FOR PARTICIPATION IN THE INDUSTRIAL TAX EXEMPTION PROGRAM AT 2001 D. A. BIGLANE ROAD, VIDALIA, LA

WHEREAS, Article 7, Section 21(F) of the Louisiana Constitution provides for the Board of Commerce and Industry ("BCI"), with the approval of the Governor, to approve contracts for the exemption of ad valorem taxes of a new manufacturing establishment or an addition to an existing manufacturing establishment, on such terms and conditions as the board, with the approval of the Governor, deems in the best interest of the state; and

WHEREAS, SYRAH TECHNOLOGIES, LLC has applied for an Industrial Tax Exemption ("ITE") and seeks approval of the BCI and the Governor for a contract granting that exemption; and

WHEREAS, Governor Edwards, through Executive Order JBE 16-73, has set forth the conditions for his approval of ITE contracts, and affirmed that those conditions are in the best interest of the state of Louisiana: and

WHEREAS, Executive Order JBE 16-73 provides that ITE contracts should be premised upon job and payroll creation at new or expanded manufacturing plants or establishments, and that the percentage of exemption from ad valorem taxes, and length of the contract for such exemption, may vary depending upon the nature of the project and its economic development benefit in accordance with guidance received from the Secretary of Economic Development and concurred in by the appropriate parish and/or municipal council, school board, and sheriff; and WHEREAS, Concordia Parish borders the Mississippi River in eastern central Louisiana and shares two river crossing bridges totaling a 1-mile distance from

Natchez, MS, and

WHEREAS, Concordia Parish is part of the Natchez, MS - LA Micropolitan Statistical Area, and

WHEREAS, this Board recognizes that Concordia Parish's workforce commuter patterns include neighboring counties in Mississippi and neighboring parish residents,

WHEREAS, this Board recognizes a regional economic development approach, which includes, at times, partnering with neighboring parishes and Mississippi communities to attract new and expanding business opportunities, provides the greatest value and economic opportunity for Concordia Parish and its residents thereof, and

WHEREAS, this Board supports and appreciates the efforts of Governor John Bel Edwards to implement requirements for local input into the Louisiana Industrial Property Tax Exemption Program application approval process, and WHEREAS, Executive Order JBE 16-73 mandates that each exemption contract approved by the Governor shall include as Exhibit "A" a Cooperative Endeavor Agreement for the ITE between the State of Louisiana, the Louisiana Department of Economic Development, and the applicant for the ITE contract, which provides for the creation or retention of jobs, and provides for the exercise of the option in the Louisiana Constitution for the term or percentage of the parish ad valorem tax exemption granted in the contract, and provides for the reduction or loss of the exemption based upon the applicant's compliance with the contract.

WHEREAS, Executive Order JBE 16-73 further requires that this SCHOOL BOARD, together with the other required local governmental entities signify consent

to the terms of the exemption by resolution and the sheriff of this parish shall signify consent to the terms of the exemption by letter. Executive Order JBE 16-73 further provides that the resolutions of approval and the sheriff's approval shall be attached as Exhibit "B" to the ITE contract between the BCI and SYRAH TECHNOLOGIES,

WHEREAS, SYRAH TECHNOLOGIES, LLC and the Louisiana Department of Economic Development have advised that certain terms and conditions forming Exhibit "A" to the Industrial Tax Exemption Contract pending approval before the Louisiana Board of Commerce and Industry have been reached and have conveyed the same to this SCHOOL BOARD, and thus this matter is now ready for a determination of approval of this SCHOOL BOARD as required by Executive Order JBE 16-73, THEREFORE, BE IT RESOLVED, upon consideration of the foregoing and the public discussion held this day, that this SCHOOL BOARD approves the terms of the Industrial Tax Exemption contract based on the inclusion of the following terms and conditions into Exhibit "A" (the Cooperative Endeavor Agreement between the State of Louisiana, the Louisiana Department of Economic Development, and SYRAH TECHNOLOGIES, LLC) to the Industrial Tax Exemption contract between the Board of Commerce and Industry and SYRAH TECHNOLOGIES, LLC with respect to its manufacturing plant located at 2001 D.
