BUSINESS REPORT

Mrs. Boquet presented the board members with a copy of financial reports ending March 2021. Mrs. Boquet told the board about the net gain of approximately, \$3.7 million, but that will not be the net gain for the end of the year. We will pay out a great bit for the 13th check, then we will have our summer payrolls and the benefits that we will pay out. I feel we will still be in the positive at the end of the year. She also told the board how some of the Renovation and Construction funds are used for maintenance and to purchase school buses. With no other business to discuss, Mrs. Boquet ended the Business Manager Report.

SUPERINTENDENT'S REPORT

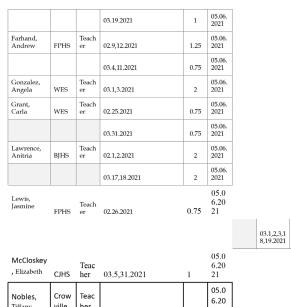

Superintendent John Gullatt reported to the board, that we are working on a one-time stipend payment. Each board member was given a handout, outlining the projected amount. Mr. Gullatt then reported that the amounts shown will hopefully increase once other options are explored more in the next few days.

Graduation will be Friday, May 14th. Each student will have 12 tickets for family members to attend. The banners will be put up in town. The ceremony will be held outside, hopefully there will be no more rain. The schools are having trouble getting campuses mowed due to so much rain the past several weeks. Once we get graduation behind us, we will start gearing up for summer school.

This year it will be a little different. We will have classes being held at every site. It will be a chance for students to catch up on subjects missed. It will be up to them to take this opportunity to do this. We will be using certified teachers at each location and may need to pull from other campuses. We are using ESSER money to pay these teachers and support staff to work during summer school.

PRESIDENT'S REPORT - Mr. Kelly told the other board members about the Franklin
