**PARISH POLICE JURY  
REGULAR MEETING  
February 11, 2019  
6:00 P.M.**

The Police Jury of Concordia Parish met this day in regular session convened. There were present the following members:

Vice-President: Joseph Parker, Sr

Members: Jerry Beatty , Carey Cook, Willie Dunbar, Jimmy Jernigan, Adam Probst, Whest Shirley and Tommy Tiffee

Absent: Jimmy Wilkinson

Secretary Treasurer: Sandi T. Burley

Invocation: Mr. Shirley

Pledge of Allegiance: Mr. Dunbar

Old Business: None

A motion was made by Mr. Shirley seconded by Mr. Probst to approve the minutes of the regular meeting of January 28, 2019 as mailed. Motion carried.

Mr. Probst addressed work needed on Forrest Road, specifically the ditches need addressing and the road needs maintenance. Mr. Pugh discussed that white rock had been placed until adequate pitrun could be purchased. The pitrun is too wet to purchase and the weight would be heavier than what was actually bought. The road is too wet to bring the dump trucks on-site to dig out the ditches. Once drier weather accommodates the project, they will start at the stop sign and ditch the road and put down pitrun. Mr. Hodges and Ms. Jones, residents of Forrest Road were in attendance. Mr. Hodges discussed the need to clean the ditches out on Centennial for adequate drainage. Ms. Jones is putting in a culvert in her driveway for proper drainage as well. No further action taken.

Mr. Shirley made a motion seconded by Mr. Cook, to ratify the purchase orders, invoices, and bank reconciliations. Motion carried unanimously.

The need for a more applications for Heavy Equipment Operator was discussed. The Personnel Committee had met prior to the meeting to address the job description and requirements of the job duties. Mr. Pugh recommended that the requirement of the CDL license was not needed for a heavy equipment operator, only those driving the dump trucks and any equipment driven on highways as required by the DOTD. Mr. Tiffee made a motion seconded by Mr. Probst to remove the CDL requirement for the job description of Heavy Equipment Operator. Motion carried.

Parish projects were discussed. The maintenance unit has been working on digging out parts of the Vidalia Canal. The Brushy Bayou project is waiting on permitting from USACE and funding allocations from GOHSEP for wetland mitigation. Denmon Engineering is working on a re-design of the Washington Heights project to re-submit for bidding. The Courtroom Renovation project is waiting on Mr. Brocato to finalize the scope and budget in which to move forward with bidding. Mr. Jernigan voiced his frustration with the delay in the courtroom project. Mr. Burget was in attendance to discuss his involvement in the meetings that were held last year to conduct a final review of the project. Mr. Jernigan asked for a motion seconded by Mr. Beatty to send a letter to Mr. Burget asking for a letter to be sent to Mr. Brocato for accountability of the project and address actions the Parish could take for the continuous delays. Motion carried.

Under Ordinance violations, Mr. Dunbar made a motion second by Mr. Probst to send a letter to Jerome Davis on Freeman Road for the grass and debris. Mr. Dunbar explained that multiple letter to different addresses have been sent in 2018 trying to notify Mr. Davis of the need to clean up his property. All letters have been returned. Motion carried.

A motion was made by Mr. Probst seconded by Mr. Cook to send Mr. Adrian Kiser owning the property at 517 Forrest Road an ordinance citation for grass and debris on the lot. A letter was sent last year that was claimed, yet Mr. Kiser has failed to address the needs to his property. Motion carried.

Under the Secretary/Treasurer's report, Ms. Burley distributed the PJAL Convention packets to the Jurors. She also distributed new and revised policies for the Jurors to review and asked for a Personnel Committee meeting to be held prior to the March 11th meeting for review, discussion, and approval of the policies presented.

No occupational licenses were submitted for review and approval.

Under the Superintendent's Work Orders, Mr. Pugh discussed the need for 7 yards of washrock for Ryan Road and 28 yards of washrock for Forrest Road. Mr. Dunbar asked for the potholes on Freeman Road to be addressed. Mr. Jernigan asked that the canal behind the pond on Washington Heights be cleaned out – Mr. Pugh stated they were already working on this. Mr. Jernigan also asked for the east side canal on Mr. Jimmy Wade's property in Wildsville be placed on the work order when weather permitted. Mr. Tiffee asked Mr. Pugh to check for beaver dams in the canals around Como Road in Acme. A motion was made by Mr. Shirley seconded by Mr. Beatty to approve the work orders. Motion carried.

Work orders issued and completed by the barn since the last meeting were distributed for review. No action taken by the Jurors.

Mr. Parker opened the meeting to correspondence. Distributed to the Jurors were the January 10th minutes for Recreational District #3 and the November 27th minutes for the Hospital Board. No members of the audience needed to address the Jurors.

There be no further business, Mr. Dunbar made a motion seconded by Mr. Probst to adjourn the meeting. Motion carried.

**REGULAR MEETING  
JANUARY 8, 2019**

The Mayor and Board of Aldermen of the Town of Clayton met in regular session at the Town Hall, Clayton, La on Dec. 8, 2018.

The meeting was called to order by Mayor Washington and opened with prayer by Mr. Emerson Slain followed by the Pledge of Allegiance. Roll call was done by the clerk. Present were Mayor Josephine Washington, Alderpersons Willie Evans, Lavon Barber, Wilbert Washington and Shannon Madison. Absent was alderman Houston Holmes. Also present were Sally B. Lewis clerk and a number of visitors. Mayor read the item on the agenda.

Minutes of the Dec. 4,2018 were read by the clerk. Motion was made by Mr. Barber seconded by Ms. Madison to accept the minutes as read with necessary corrections, all voting aye, motion carried. Alderman Washington stated the December 4, minutes should have said the water rate increase of \$54.55 residential and \$69.50 increase for commercial were an average bill. Motion made by Mr. Washington seconded by Ms. Madison to pass an ordinance to increase water rates for residential at \$36.00 for the first 2,000 gallons and \$8.00 for all other thousand. The commercial rate increase would be \$50.00 for the first 2,000 gallons and \$9.00 for all other thousand to go into effect April 1, 2019, all voting aye, motion carried.

Citizen questioned why the increase want go into effect until April? Mayor said other legal things has to be done before the increase and they want be done until April. Citizen asked how do we know our meters are going to be read honest? Mayor stated they will be read as honest as they are now until we get new meters. Mr. Washington stated if someone believe their meter has been read incorrected, they need to read it themselves and bring the reading to the office. Mayor said Bryant Hammett & Assoc. are working on a \$250,000 grant to purchase new water meters.

Citizens voice their concern about horses in the city limit, dogs running loose and speeding in the city limits. Mayor a sure the citizens the items would be addressed to the police department.

Mr. Evans stated Ms. Lewis should get her 1/2 hr. back each day. He stated her work load is piling up causing her to get behind. Motion was made by Mr. Evans seconded by Mr. Washington to give Ms. Lewis back her half hour, all voting aye, motion carried. Mayor Washington said Ms. Lewis hours had not been cut, but if the Legislative Auditor says to cut, they will be cut.

Motion by Mr. Barber seconded by Mr. Washington to add to the agenda to pass a resolution to declare the town a village, all voting aye, motion carried. Motion was made by Mr. Barber seconded by Mr. Washington to pass a resolution to change the classification of the Town of Clayton to the Village of Clayton, all voting aye, motion carried.

Mr. Evans presented to the Mayor and Board a list of items for the board to look into for auction. Mayor stated we need both tractor, both trucks, Kubota tractor, both mowers & utility trailers. The 4-wheeler is the only thing the town is not using. Ms. Madison said we need to advertise the old police cars and go through the other items to see what we can get rid of. Mr. Washington stated he had asked for the workers to do the inventory in that they know what is working and not working so we would know what to put up for bid. Mr. Washington thanked Mr. Evans for what he had done. Motion was made by Mr. Washington seconded by Ms. Madison to table the discussion on the items for bid until a complete inventory is done, all voting aye, motion carried.

Motion was made by Mr. Evans seconded by Mr. Washington to add to the agenda executive session, all voting aye, motion carried. Motion was made by Ms. Madison seconded by Mr. Washington at 8:10 p.m. to go into executive session, all voting aye, motion carried. Motion was made by Mr. Barber seconded by Mr. Washington at 8:32 p.m. to go back into regular session, all voting aye, motion carried. Mayor Washington stated all matters had been taken care of.

There being no further business to come before the board, motion was made by Mr. Washington seconded by Mr. Barber that the meeting be adjourned. All voting aye, motion carried.

**Revised Total Coliform Rule- Coliform Treatment Technique Violation**

In November of 2017, routine monthly bacT samples were found to be positive for coliform. The repeat samples were also found to be positive for coliform. Coliforms are bacteria that are naturally present in the environment and are used as an indicator that other, potentially harmful, waterborne pathogens may be present or that a potential pathway exists through which contamination may enter the drinking water distribution system. We found coliforms indicating the need to look for potential problems in water treatment or distribution. When this occurs, we are required to conduct assessments to identify problems and to correct any problems that are found.

We failed to conduct the required assessment. Since this occurrence, the system has started the operating the new plant and ground storage tank and now monitor chlorine levels daily.

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

If you have any questions or concerns, please call the Town of Clayton Water Department at 318-757-8540.

Sincerely,  
Town of Clayton Water System
