RANDOM THOUGHTS BY GEORGIANN POTTS

Wish I had known

Writer's Note:

Perhaps inspired by the oppressive heat and the inactivity that it required, not long ago I asked on Social Media if anyone regretted not knowing when they were young something that they know now. I certainly do! I soon discovered that I am not alone.

Thanks to all of you who responded to my question. I loved the diversity of your regrets!

GP

As the years have passed and my own youth is now in the rearview mirror, I realize just how much I have learned from life. As a child, I learned the basics (walking, talking, eating solid food, reading, writing, etc.) – each a miracle in its own right. As I grew, school became an extremely important part of my learning. A group of fantastic teachers quite literally opened the world to me. From the elementary years through graduate school, I was exposed to all manner of information. Some things I loved learning about; other things, not so much. Even so, all were important for me – helping me to be aware of life above a rudimentary level.

Along with this "formal" education came something perhaps even better. I learned how to navigate relationships by simply living. My parents, grandfather, brother, uncles and aunts, cousins – all of my family interactions – helped me to learn to recognize love and how to return that love. Add to that, friends – many of whom I still love after decades of living apart.

Life is quite simply a wonderful mosaic of experiences. Some of those experiences are wonderful, but some present real challenges. Even so, all of them are critical pieces of that mosaic.

Final Notice and Public Explanation of a Proposed Activity in a Regulatory Floodway or Wetland To: All interested Federal, State, and Local Agencies, Groups and Individuals

This is to give notice that the City of West Monroe (COWM) has conducted an evaluation as required by Executive Order 11988 and 11990 and in accordance with HUD regulations at 24 CFR 55.20 in Subpart C Procedures for Making Determinations on Floodplain Management and Wetlands Protection. The activity is funded under Louisiana Watershed Initiative Community Development Block Grant Mitigation program B- 18-DP-22-0001. The proposed project(s) is located at the Cypress and Slack Street crossings of Golf Course Creek in West Monroe, Ouachita Parish and is located within regulatory floodplain and wetland areas. The proposed project will add one additional 4’x5’ RCB to complement the two existing RCBs at the Cypress Street crossing, thereby increasing flow capacity and lowering 100-year flood elevations. To accommodate the increased flows resulting from the Cypress Street crossing improvements, drainage improvements will also be installed at the next downstream road crossing, Slack Street. The Slack Street improvements will add one 36” to 48” diameter reinforced concrete pipe to the existing system of two 9’ diameter and 7’ diameter metal pipes. The Slack Street crossing improvements will result in no upstream increase in surface water elevation and will increase the downstream flow at Slack Street to an acceptable level for the increased flows realized from the upstream improvements at the Cypress Street crossing. Given these design considerations, the proposed improvements are not expected to adversely impact the floodway or floodplain.

COWM has considered the following alternatives and mitigation measures to minimize adverse impacts and to restore and preserve natural and beneficial functions and intrinsic values of the existing floodplain/wetland: Firstly, this flood risk reduction project is in response to recurring flood events

that have occurred in recent years. An alternative that was considered was to construct a stormwater detention basin on the south side of Cypress Street to offset the downstream effects of increased discharge. It was anticipated that 10.5 acres of land could be purchased for flood storage. Construction was to include the addition of a new box culvert, headwalls, channel clearing, excavation of a detention basin, and an outlet structure. Analysis of the detention storage required to offset the increased creek flow indicated that the available basin site would be insufficient to successfully attenuate the additional flow. Only 4 acres of the originally proposed property adjacent to the creek would be made available for the excavation of a basin. The largest constructable basin would have insufficient capacity due to

limitations in size and existing ground elevations. To negate potential erosion, bank stabilization activities will occur below the ordinary high water mark of Golf Course Creek, where rip-rap and headwalls will be installed near the inlets and outlets of existing and proposed culvert structures at each crossing. All activities within the floodplain and wetland areas will be conducted in accordance with applicable federal, state, and local floodplain management and wetland protection requirements, including any required permits, approvals, and best management practices to minimize impacts to floodplain functions, water quality, and adjacent wetlands.

COWM has reevaluated alternatives to building in the floodplain and wetland areas and has determined that it has no practicable alternative to floodplain and wetland development. Environmental files documenting compliance with Executive Order 11988 and Executive Order 11990, are available for public inspection, review and copying upon request at the times and location delineated in the last paragraph of this notice for receipt of comments.

There are three primary purposes for this notice. First, people who may be affected by activities in

floodplains or wetlands and those who have an interest in the protection of the natural environment should be given an opportunity to express their concerns and provide information about these areas. Second, an adequate public notice program can be an important public educational tool. The dissemination of information and request for public comment about floodplains and wetlands can facilitate and enhance Federal efforts to reduce the risks and impacts associated with the occupancy and modification of these special areas. Third, as a matter of fairness, when the Federal government determines it will participate in actions taking place in floodplains or wetlands, it must inform those who may be put at greater or continued risk.

Written comments must be received by the COWM at the following address on or before October 3rd, 2026: City of West Monroe, 2305 N 7th Street and 318-396-2600, Attention: Jonathan Kaufman, Director of Building & Development. A full description of the project may also be reviewed from 7:30 AM to 4:30 PM at the address listed above. Comments may also be submitted via email at jkaufman@westmonroe.la.gov.

The Ouachita Parish School Board met in regular session on Tuesday, August 11, 2026, at twelve (12:00) o’clock p.m. at its regular meeting place, the Ouachita Parish School Board office.

Note: There were no comment cards completed for an agenda business item. Additionally, there were no remote requests for any agenda business item addressed in this meeting.

President Tommy Comeaux called the meeting to order as he welcomed visitors and guests. Presence of the following members was verified through roll call: Tommy Comeaux, Shere May, Mike Batey, Jerry R. Hicks, Harold McCoy, Dabo Graves, and Greg Manley. The West Monroe High School AFJROTC presented the colors, followed by the Pledge of Allegiance led by Mike Batey, and the Invocation offered by Shere May.

Jerry Hicks made the motion, seconded by Dabo Graves, to approve the minutes of the July 14, 2026, meeting as written. Motion carried without opposition.

Shere May made a motion to approve an amendment to the agenda by adding Business Item # 10 and Permission to Bid Item #4, seconded by Mike Batey. Motion carried by all members. Mike Batey made a motion to approve the amended agenda as written, seconded by Shere May, motion carried unopposed.

During the Personnel Report, Superintendent Guice stated there was not anything to report.

The first Item of Business, Special Recognitions, Aline Smead introduced Tracee Wickham, a senior at West Ouachita High, to be recognized by the Board, for her appointment as Louisiana FFA State President for the 2026-2027 school year. Wickham was interviewed alongside twenty-seven other applicants for ten state officer positions. She is the fifth West Ouachita student to receive a state officer appointment and the first Louisiana FFA State President from Ouachita Parish.

The second Item of Business, Economic Development Report Related to OPSB, was presented by Rob Cleveland, CEO of Grow NELA. He updated the School Board on the progress of Faith Technologies Incorporated (FTI), who are building an operations site adjacent to Ouachita High. FTI has made a 20-year commitment to operate a facility in Ouachita Parish and anticipate the potential of bringing 100’s of new jobs to the area. Ouachita Parish Schools and FTI are partnering to introduce career opportunities to students at Ouachita High and on strategies to alleviate traffic flow on Highway 594.

Business Item three, Consideration and Approval to purchase 1505, 1507, 1509 N. 3rd. Street and 400 Travis Street was presented by Tommy Comeaux. Shere May made a motion to approve these purchases, seconded by Mike Batey. Motion carried unanimously.

The fourth Item of Business, Policies for Consideration and Approval, DIC (Capital Assets), GBRIB (Sick Leave), IHC (Class Rankings), and KF (Use of School Facilities) were introduced by Adam Hunsucker. Shere May made a motion to approve the updates to the policies as recommended by the Policy Committee, seconded by Harold McCoy. Motion carried unopposed.

The fifth Item of Business, Consider LA Compliance Questionnaire for the year ending June 30, 2026, was introduced by Regina Mekus. Submission of the questionnaire is required as part of the regular, end-of-fiscal-year audit. Ouachita Parish Schools has received a near-perfect audit for three consecutive years. Jerry Hicks made a motion to approve the submission of the Questionnaire, seconded by Harold McCoy. Motion carried unanimously.

The sixth Item of Business, Financial Report for June 30, 2026, was presented by Regina Mekus. The report includes 3 years of data for comparison. The Board discussed and accepted the report as presented.

DECLARATION OF ELECTION RESULTS

Be it known and declared that the governing authority of the City of West Monroe, State of Louisiana (the “City”), did meet in open and public session to examine the official certified tabulations of votes cast at the special election held in the City on Saturday, June 27, 2026, and did examine and canvass the returns of the said election, there having been submitted at said election the following proposition, to wit:

PROPOSITION (SALES TAX RENEWAL)

Shall the City of West Monroe, Louisiana (the “City”), continue to levy and collect a 1% sales and use tax (the “Tax”) in accordance with Louisiana law (an estimated $9,800,000 reasonably expected at this time to be collected from the levy of the Tax for an entire year), for a period of 10 years from and after January 1, 2027, with the net proceeds of the Tax to continue to be deposited monthly as follows: (1) 25% of net collections into a General Fund Special Account to be used for, but not limited to, deposits into a workman’s compensation fund and payments required for the policemen and firemen pension obligations and (2) 75% of the collections into a Capital Fund Special Account for purchases and improvements of assets having a life of one year or greater, related professional services and programs, and for paying for capital improvements, constructions and repairs to or for the benefit of the City’s infrastructure and facilities?

There was found by said count and canvass that there was a total of 836 votes cast IN FAVOR OF the Proposition and a total of 441 votes cast AGAINST the Proposition, as hereinabove set forth, and that there was a majority of 395 votes cast IN FAVOR OF the Proposition as hereinabove set forth. Therefore, it has been declared by the governing authority of the City that the proposition as hereinabove set forth was duly CARRIED by a majority of the votes cast by the qualified electors voting at the said special election held in the City on Saturday, June 27, 2026. Results by precinct are available from the City Clerk of the City during regular business hours or via the Louisiana Secretary of State’s website (voterportal.sos.la.gov). The actual cost of the election as determined by the Louisiana Secretary of State in accordance with the provisions of Chapter 8-A of Title 18 of the Louisiana Revised Statutes of 1950, as amended, is $2,077.99.

N O T I C E

Notice is hereby given that on September 8, 2026, Entergy Louisiana, LLC (“ELL”), a public utility providing retail electric service throughout the State of Louisiana, filed with the Louisiana Public Service Commission (“LPSC”) its Application of Entergy Louisiana, LLC for Extension of Phase I of the Entergy Future Ready Resilience Plan (the “Application”). The Application requests LPSC approval, and issuance of a public interest finding regarding, the extension of Phase I of the Entergy Future Ready Resilience Plan (the “Resilience Plan”). Specifically, ELL seeks specific approval of Phase IA of the Resilience Plan, which includes approximately $600 million in projects proposed to be implemented primarily over the period of 2027 - 2030 (“Phase IA”). ELL’s Phase IA Resilience Plan will not result in a change in rates unless approved by the LPSC and implemented by ELL.

ELL also seeks approval to (a) authorize the Company’s continued implementation of the Resilience Plan Cost Recovery Rider (Rider RPCR) to provide for contemporaneous recovery of the Phase IA Projects; and (b) correct the Rider RCPR rate calculation to include prospectively transmission and distribution removal costs in the Rider RPCR revenue requirement and to use regulatory assets to facilitate the recovery and tracking of such costs.

ELL also requests the continued use of regulatory assets for addressing recovery of (and on, if applicable), the remaining net book value of assets that are replaced through the Resilience Plan, at the level currently reflected in ELL’s rates.

ELL also requests that the Commission (a) approve the extension of the Monitoring Plan approved in Order No. U-36625 to Phase IA, subject to any modifications the Commission may order; and (b) acknowledge that ELL will be requesting an extension of waiver from the Federal Energy Regulatory Commission (“FERC”) to allow ELL to continue to capitalize certain conductor handling expenses incurred through the Resilience Plan that would otherwise be treated as expenses, and express support or non-opposition to the contemplated FERC waiver request; and (c) direct the Administrative Hearings Division to adopt a procedural schedule necessary to facilitate a Commission decision on this Application no later than July 31, 2027.

For questions and comments regarding ELL’s filing, please call the LPSC toll free at (800) 256-2397. Additionally, the filing, including its attachments, may be viewed in the Records Division of the LPSC at the following address:

N O T I C E

Notice is hereby given that on September 8, 2026, Entergy Louisiana, LLC ("ELL"), a public utility providing retail electric service throughout the State of Louisiana, filed with the Louisiana Public Service Commission ("LPSC") its Application of Entergy Louisiana, LLC for Extension of Phase I of the Entergy Future Ready Resilience Plan (the "Application"). The Application requests LPSC approval, and issuance of a public interest finding regarding, the extension of Phase I of the Entergy Future Ready Resilience Plan (the "Resilience Plan"). Specifically, ELL seeks specific approval of Phase IA of the Resilience Plan, which includes approximately $600 million in projects proposed to be implemented primarily over the period of 2027 - 2030 ("Phase IA"). ELL's Phase IA Resilience Plan will not result in a change in rates unless approved by the LPSC and implemented by ELL.

ELL also seeks approval to (a) authorize the Company's continued implementation of the Resilience Plan Cost Recovery Rider (Rider RPCR) to provide for contemporaneous recovery of the Phase IA Projects; and (b) correct the Rider RCPR rate calculation to include prospectively transmission and distribution removal costs in the Rider RPCR revenue requirement and to use regulatory assets to facilitate the recovery and tracking of such costs.

ELL also requests the continued use of regulatory assets for addressing recovery of (and on, if applicable), the remaining net book value of assets that are replaced through the Resilience Plan, at the level currently reflected in ELL's rates.

ELL also requests that the Commission (a) approve the extension of the Monitoring Plan approved in Order No. U-36625 to Phase IA, subject to any modifications the Commission may order; and (b) acknowledge that ELL will be requesting an extension of waiver from the Federal Energy Regulatory Commission ("FERC") to allow ELL to continue to capitalize certain conductor handling expenses incurred through the Resilience Plan that would otherwise be treated as expenses, and express support or non-opposition to the contemplated FERC waiver request; and (c) direct the Administrative Hearings Division to adopt a procedural schedule necessary to facilitate a Commission decision on this Application no later than July 31, 2027.

For questions and comments regarding ELL's filing, please call the LPSC toll free at (800) 256-2397. Additionally, the filing, including its attachments, may be viewed in the Records Division of the LPSC at the following address:
