The slips containing the names of persons listed were then placed in a separate envelope, which was sealed and the words "TWO" written thereon and placed in said box labeled "JURY BOX." The Jury Box and General Venire Box were then locked and sealed and delivered to the custody of the Clerk of said Court, subject to the orders of Court.

In testimony all of which we hereunto subscribe our names on this the 18th day of SEPTEMBER, 2020, at Monroe, Louisiana. SARAH CALHOUN ALLBRITTON, SYDNEY CAMERON, PAMELA HIGGINS SAULSBER-RY, SAM O. HENRY IV

I, Dana Benson, Clerk of Court, hereby certify that all of the members of the Jury Commission were duly summoned to attend this meeting as will

ments for this project.

The successful Bidder shall be required to furnish a Performance and Payment Bond written as described in the Instructions to Bidders included in the Bid Documents for this project.

A PRE-BID CONFERENCE WILL BE HELD

at 2:00 PM on Wednesday, November 4, 2020 at Northeast Louisiana Veterans Home, Main Building Conference Room, 6700 Hwy 165 North, Monroe, LA 71230.

Bids shall be accepted from Contractors who are licensed under LA. R.S. 37:2150-2192 for the classification of Roofing and Sheet Metal, Siding. Bidder is required to comply with provisions and requirements of LA R.S. 38:2212(B)(5). No bid may be withdrawn for a period of forty-five (45) days after receipt of bids, except under the provisions of LA. R.S. 38:2214.

The Owner reserves the right to reject any and all bids for just cause. In accordance with La. R.S. 38:2212(B)(1), the provisions and requirements of this Section and those stated in the bidding documents shall not be waived by any entity.

When this project is financed either partially or entirely with State Bonds or financed in whole or in part by federal or other funds which are not readily available at the time bids are received, the award of this Contract is contingent upon the granting of lines of credit, or the sale of bonds by the Bond Commission or the availability of federal or other funds. The State shall incur no obligation to the Contractor until the Contract Between Owner and Contractor is fully executed.

Facility Planning and Control is a participant in the Small Entrepreneurship (SE) Program (the Hudson Initiative) and the Veteran-Owned and Service-Connected Disabled Veteran-Owned (LaVet) Small Entrepreneurships Program. Bidders are encouraged to consider participation. Information is available from the Office of Facility Planning and Control or on its website atwww.doa.la.gov/Pages/ofpc/index.aspx.

PRAIRIE ROAD WATER DISTRICT	
2176 PRAIRIE ROAD	
MONROE, LA 71202	
318-322-8706	
OCTOBER 16 TH , 2020	

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER.

Prairie Road Water District failed to Take Corrective Action Following Identification of a Significant Deficiency.

On February 18, 2020 the Louisiana Department of Health and (LDH) performed a detailed inspection and engineering evaluation of our water system called a sanitary survey. During this sanitary survey, they identified one or more significant deficiencies in our system. As our customers, you have a right to know what happened and what we are doing to correct this situation. According to EPA'S Ground Water Rule we were required to correct the deficiency for deficiencies) or work with the State of develop a plan to correct the deficiency (or deficiencies). However, we failed to correct the deficiency or contact the State before the established deadline and have therefore violated a requirement of the Ground Water Rule.

What should I do?

There is nothing you need to do. You do not need to boil your water or take other corrective actions. If a situation arises where the water is no longer safe to drink, you will be notified within 24 hours

What does this mean?

This is not an emergency. If it had been an emergency, you would have been notified within 24 hours.

This significant deficiency has the potential to result in lack of proper treatment and oversight of the water system. Inadequately treated or inadequately protected water may contain disease causing organisms. These organisms can cause symptoms such as diarrhea, nausea, cramps, and associated headaches. While we have not detected any evidence of contamination or other health threats related to our source water, we are still committed to correcting the deficiency to eliminate the threat of contamination

What was done?

The Prairie Road Water District is aware of the violations. The Prairie Road Water District is in the process of applying for funding to solve these issues. If you have any questions concerning this matter please call Prairie Road Water District located at 2176 Prairie Road, Monroe, La 71202 @ number above

JM Exploration Company, LLC Attn: William Comegys, III Registered Agent

THIS NOTICE BY PUBLICATION IS NOTIFICATION THAT YOUR RIGHTS OR INTEREST IN THE FOLLOWING DESCRIBED PROPER-TY LOCATED IN OUACHITA PARISH, LOUISIANA MAY BE TERMI-NATED BY OPERATION OF LAW IF YOU DO NOT TAKE FURTHER ACTION IN ACCORDANCE WITH LAW:

Municipal Address: 100 Ouachita Drive, West Monroe, LA 71292

Legal Description: Lot One (1) of Block Four (4), Unit Three (3), of the Glenwood Addition in Lot Two (2) of the partition of the John H. Blazier Estate, in Section 4, Township 17 North,

Range 3 East, of Ouachita Parish, Louisiana, as per plat recorded in Plat Book 8, at Page 12, of the public records of Ouachita Parish, Louisiana.

Tax sale title to the above described property has been sold for failure to pay taxes. You have been identified as a person who may have an interest in this property.

Your interest in the property will be terminated if you do not redeem the property by making all required payments to the tax collector listed below or file a lawsuit in accordance with law within six (6) months of the date of the first publication of this notice, or the recording of an act transferring ownership, if later.

Ouachita Parish Tax Collector

300 Saint John Street, Room 102

The Cadeville Water District is currently in violation of the maximum contaminant level (MCL) for total trihalomethanes as set forth by the State [Part XII of the Louisiana State Sanitary Code (LAC 51:XII)] and the Federal Primary Drinking Water Regulations (40 CFR Part 141).

The United States Environmental Protection Agency (EPA) and the Louisiana Department of Health (LDH) set drinking water standards and requires the disinfection of drinking water. Where disinfection is used in the treatment of drinking water, disinfectants combine with naturally occurring organic and inorganic matter present in water to form chemicals called disinfection byproducts (DBPs). EPA and LDH set standards for controlling the levels of disinfectants and DBPs in drinking water, including trihalomethanes (THMs) and haloacetic acid (HAAs). Some people who drink water containing THMs in excess of the MCL over many years may experience problems with their liver, kidneys, or central nervous system, and may have an increased risk of getting cancer

In December 1998, EPA set enforceable drinking water standards for TTHMs at 80 parts per billion (ppb) and for HAA5 at 60 parts per billion (ppb) to reduce the risk of cancer or other adverse health effects. Compliance with the TTHMs and HAAS standard for public water systems serving less than 10,000 individuals initially became effective and enforceable on January 1, 2004. Compliance with the TTHMs standard is determined by calculating a locational running annual average (LRAA) of quarterly TTHMs sample results. Compliance calculations performed for the third quarter of 2020 show that the system's current TTHMs LRAA is 147 ppb at DBP01- HWY 34 AT HWY 546; Thus, the system is currently in violation of the TTHMs standa

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

This is not an emergency. If it had been, you would have been notified immediately. EPA and LDH do not consider this violation to have any serious adverse health effects on human health as a result of short-term exposure; however, continued long-term exposure to TTHMs and HAA5 levels above the standard (e.g., 20-years of exposure) has the potential to have serious adverse effects on human health.

Tom Owens, Operator 318-396-1933

State plans to loosen restrictions on football crowds

BY DAVID JACOBS The Center Square

Gov. John Bel Edwards last week announced plans to tweak his COVID-19 emergency regulations to allow for larger crowds at high school sporting events.

Edwards said he made the decision following discussions with House Speaker Clay Schexnayder and Senate President Page Cortez. The change is a concession by the Democratic governor the ongoing coronavirus-related restrictions and their lack of input in the decisions to impose the mandates.

High school football crowds previously were limited to 25 percent capacity. Starting this weekend, the threshold can be raised to 50 percent in parishes where the proportion of COVID-19 tests coming back positive is less than 5 percent for two weeks. Currently, 26 parishes meet that standard, ac-

to Republicans frustrated by cording to state officials.

Legislators in either chamber have the ability to end a state of emergency, though Republicans have not yet been able to gather enough signatures to overturn the governor's order. Legislators recently approved House Bill 4, which would allow legislators to amend an emergency order with a majority vote in both chambers, so they would no longer be limited to an all-or-nothing decision.Edwards has not

said whether or not he will veto HB 4, though he has stated that he doesn't think emergencies are best managed by committee and that he has no intention of giving up any of the tools at his disposal. He said he remains open to "reasonable conversations" with lawmakers about his mandates - which restrict business capacity, limit crowd sizes and require face coverings in public spaces – but added that he didn't think lifting all of

the mitigation measures is "reasonable."

Louisiana is considered "stable" by White House standards in its fight against COVID-19, Edwards said.

"I wish we were still declining, but at least we're not surging," he said.

The amount of new cases and the rate of positive tests is the lowest per capita in the South, he said, though recent days have seen an uptick in hospitalizations. State officials reported 775 new cases and nine new deaths on Oct. 21.

UL System approves first female vice president

for the University of Louisiana System approved Valerie S. Fields, Ed.D., vice president for Student Affairs at the University of Louisiana Monroe at the Oct. 23 board meeting.

Fields is the first woman

The Board of Supervisors to serve in a vice president's Fields back to ULM, where Berry, D.B.A., requested the position in the university's 89-year history. Fields was appointed interim vice president in June and assumed the role July 1 upon the retirement of former Vice President Camile Currier.

This appointment brought

she was director of Student Development from 1996-2003, then named assistant dean for Student Life and Leadership.

She served in that position for two years.

ULM President Ronald

board waive the required national search to fill the position in light of Fields' expertise and accomplishments since joining the university.

Fields is a native of Winnsboro.
