Motion passed unanimously.

Parish projects were discussed.

The Brushy Bayou project is waiting on 404 and 408 permitting from USACE. Revisions to funding allocations are waiting approval from FEMA for wetland mitigation to Phase I in order to proceed with the wetland mitigation process and ultimately final completion of the 404 permit. Mr. Brant Jones of JKS stated that the DOTD specifications for the Luke Martin Bridge are still being revised. A revised BCA (benefit cost analysis) has been conducted by GOHSEP to warrant additional funding needed for Phase II. The BCA is being revised for a calculation error for fund allocations in Phase I. The calculation error will not place the project over the maximum potential funding provided by the BCA.

Denmon Engineering has completed the re-design of the Washington Heights project. Advertising for new bids with the revised design are currently being sought through proper advertisement. A pre-bid meeting has not been scheduled, however the bid opening will be held April 16, 2019 at 11 am in the Concordia Parish Police Jury meeting room.

Discussion of further work needed on north end of the Vidalia Canal was held. Mr. Dunbar asked Mr. Pugh what provisions were being made to schedule the work. Mr. Pugh will look into options in which to access the canal so that proper maintenance can be conducted

Under ordinance violations, Mr. Dunbar discussed property that had previously been cited on Freeman Road. Ms. Burley confirmed that the delivery confirmation of registered letter with proper notification had been received. The occupant has signed and received for the notice sent. Mr. Dunbar discussed with Mr. Pugh proper equipment needed to clean up the area and potential hazards on the property. Mr. Dunbar also discussed several properties that he had discussed with the Town of Vidalia within the town's limits. The properties are located on Canal Street, Maple Street, and Bee Street. Discussion ensued regarding notice the Parish had received about the adjudicated property on Canal Street being deemed blighted. The Parish has properly attended meetings supported by the notice and provided the documentation to the Town of Vidalia on the matter. No action was taken by the Jurors on the other properties as the Parish has not received any notice for con-

Under the Secretary/Treasurer's report, Ms. Burley discussed the Tier 3 report distributed to the Juror's. Deadline for completion and submission is May 15th. Ms. Burley made the Jurors aware that the annual audit will be conducted in house from March 25-27; she will be in LLA training in Monroe on March 19th; and Secretary of State Archive Training on March 28th. A millage workshop is being hosted by Catahoula and Concordia Parish's Assessor's office on March 14that the Hwy 15 community room.
