

Evans, Harper chosen for Saints Hall of Fame

The media selection committee of the Saints Hall of Fame has selected offensive guard Jahri Evans and safety Roman Harper for induction in 2020, while longtime New Orleans Saints Spanish radio broadcaster Marco Garcia has been chosen to re-

ceive the Joe Gemelli "Fleur de Lis" award for his vast contributions to the New Orleans Saints organization.

Evans, 6-4, 318, is one of the most decorated offensive linemen in franchise history. He played 11 seasons with the Saints from 2006-16 after be-

ing drafted in the fourth round in the 2006 NFL Draft out of Bloomsburg. Among his accolades were five consecutive selections to the Associated Press All-Pro teams, including four consecutive first-team honors from 2009-2012. Evans was also selected

to six consecutive Pro Bowls from 2009-2014, was awarded the Madden Most Valuable Protectors Award in 2009 and 2011 along with the other members of the Saints' offensive line, and was a member of the NFL 2010s All-Decade Team.

The Philadelphia, Pa. native started all 169 regular season games he appeared in and ten postseason contests in a Black and Gold uniform, the 11th most in club record books.

Evans was selected to the club's All-50th team in 2016.

PUBLIC HEARING NOTICE PROGRAM AMENDMENT NO. 2

The Concordia Parish Police Jury will hold a virtual Public Hearing on Wednesday, July 1, 2020 at 10:00 A.M. The purpose of this hearing is to obtain views on the submission of a Program Amendment to its FY 2018 Louisiana Community Development Block Grant (LCDBG) Program for sewer system improvements.

This Program Amendment will delete the sewer hook-ups (Rehab) from the LCD-BG application and funds will be shifted to Sewer. The LCDBG funding level will not change. Delta Regional Authority (DRA) funds will be used for the sewer hook-ups (Rehab). The Concordia Parish Police Jury received \$150,000.00 from DRA for sewer hook-ups (Rehab) and other sewer related activities.

Acquisition will be deleted from the LCDBG Application because the parcel required was donated by the owner. These funds will be shifted to Sewer.

All residents, particularly persons of low-to-moderate income and residents of blighted areas are encouraged to participate this hearing. Accommodations will be made for non-English speaking individuals provided that a three (3) day notice is received by the Police Jury.

The meeting ID is: 3183367151

Those residents who are unable to participate may submit their views and proposals to the Parish at the following address, within fifteen days after the hearing.

EARLY NOTICE AND PUBLIC REVIEW OF A PROPOSED ACTION IN FLOODPLAINS AND WETLANDS

All interested Agencies, Groups and Individuals

This is to give notice that the Village of Ridgecrest is conducting an evaluation as required by Executive Order 11988 and 11990, utilizing as a guideline procedures established in accordance with HUD regulations at 24 CFR 55.20 Subpart C Procedures for Making Determinations on Floodplain and Wetlands Management, to determine the potential affect that its activity in the floodplains and wetlands will have on the human environment for the Village of Ridgecrest's FY 2020 Louisiana Community Development Block Grant for water improvements.

The Village of Ridgecrest is seeking a grant to improve the Village's potable water supply. The grant would allow the Village to be supplied potable water by the Town of Ferriday.

For a tie-in with the Town of Ferriday, a new 6" waterline will tie onto the existing 12" distribution line just outside the existing high service pumps at the Ferriday Plant yard. A valve pit and 4" meter will be installed across the Highway 425/84 in Ridgecrest to gather flow information utilized for billing purposes. From the valve pit, a 4" waterline will be used to fill the now 87,000 gallon ground storage tank in Ridgecrest. From the replaced ground storage tank, Ridgecrest will replace the existing booster pumps with new pumps with vfd's and provide them with a weatherproof shelter. These pumps will pump water up into the existing 100,000 gallon elevated tank, which would be cleaned and painted. In essence, this project will tie in a new transmission line to the existing Ridgecrest distribution system at the approximate location of where the Ridgecrest water plant ties in now. New automatic read residential and commercial meters would be installed to insure that water loss is kept to a minimum by being able to readily compare gallons sold by the supplier versus gallons sold to the residents. Ridgecrest is under an Administrative Order for consistent violation of the limits of THM's and HAA5's.

There are three primary purposes for this notice. First, people who may be affected by activities in possible floodplains and wetlands, and those who have an interest in the protection of the natural environment should be given an opportunity to express their concerns and provide information about these areas. Second, an adequate public notice program can be an important public educational tool. The dissemination of information about floodplains and wetlands can facilitate and enhance Federal efforts to reduce the risks associated with the occupancy and modification of these special areas. Third, as a matter of fairness, when the Federal government determines it will participate in actions taking place in floodplains and wetlands, it must inform those who may be put at greater or continued risk.

Written comments must be received by the Village at the following address on or before July 9, 2020: Village of Ridgecrest, 116 Foster Drive, Ridgecrest, Louisiana 71334, Attention: Honorable Veller Ray Carroll, Mayor, during the hours of 9:00 AM to 2:00 PM. Comments may also be submitted via email at ridgecrestmayors@bellsouth.net.
