Cadeville Water District,  
Ouachita Parish, Louisiana

As provided by a resolution adopted on August 3, 2020, by the Board of Waterworks Commissioners of Cadeville Water District, Ouachita Parish, Louisiana, acting as the governing authority of Cadeville Water District, Ouachita Parish, Louisiana (the "District"), the District HEREBY DECLARES ITS INTENTION to issue up to One Million Nine Hundred Thousand (\$1,900,000) of Water Revenue Bonds (the "Bonds"), for the purpose of paying the cost of making additions, extensions and improvements to the District's drinking water system, including equipment and fixtures (the "System"), and to pay costs of issuance.

The Bonds will be limited and special revenue bonds of the District, secured by and payable solely from the revenues of the System, after there have been paid from those revenues the reasonable and necessary expenses of operating and maintaining the System. The Bonds will not be a charge on the other income and revenues of the District, nor shall they constitute an indebtedness or pledge of the general credit of the District. The Bonds will be issued pursuant to La. R.S. 39:524, and Subpart A, Part II, Chapter 4, Title 39 of the Louisiana Revised Statutes of 1950, as amended (La. Proceeds of the Bonds may also be used to pay costs of issuance of the Bonds.

As provided by the Act, all of the other details of the Bonds will be set forth in the resolution(s) authorizing their issuance, including the following: covenants relating to the management and operation of the System, the imposition and collection of rates and charges from the System's customers, the expenditure of such rates and charges, the issuance of future bonds and the creation of future liens and encumbrances against the System and all other pertinent matters as may be necessary to the authorization and issuance of the Bonds.

The Bonds are expected to be sold at a private sale, as provided for in the Act, to the Drinking Water Revolving Loan Fund, and the Bonds will also be approved by the State Bond Commission prior to their delivery.

THE PUBLIC IS HEREBY NOTIFIED that the governing authority of the District will meet in open and public session on Monday, September 21, 2020 at six o'clock (6:00) p.m., at the District's regular meeting place, 611 Winnfield Rd., West Monroe, LA 71292, to hear any objections to the proposed issuance of the Bonds. If at such hearing a petition duly signed by electors of the District in a number not less than five percent (5%) of the number of such electors voting in the last election held in the District object to the issuance of the Bonds, then the Bonds shall not be issued until approved at an election held for that purpose. NOTICE  
Notice is hereby given, pursuant to Article IV, Section 21(D)(1) of the Louisiana Constitution, that on August 28, 2020, Entergy Louisiana, LLC ("ELL"), a public utility providing retail electric and gas service throughout the State of Louisiana, filed with the Louisiana Public Service Commission ("LPSC") its Formula Rate Plan ("FRP") Rider Schedule FRP Evaluation Report Compliance Update for Test Year 2019.

The filing reflects an earned return on common equity ("EROE") for the 2019 Evaluation Period/Test Year of 9.66%. As such, no change to Base Rider FRP Revenue is required. While Base Rider FRP Revenue will not change as a result of this filing, overall FRP Revenues will increase by approximately \$96 million. The resulting FRP factors to be applied to the respective ELL rate classes (including Legacy ELL and Legacy EGSL rate classes) effective for customer bills rendered on and after the first billing cycle of September 2020 are as follows:

Except for those rate schedules excluded under ELL Rider Schedule FRP-1, the required FRP factor of 54.9458% is to be applied to each of Legacy ELL's rate classes and the required FRP factor of 53.4631% is to be applied to each of Legacy EGSL's rate classes, both effective for monthly customer bills rendered on and after the first billing cycle of September 2020.

It is estimated that the proposed adjustment in rates will have the following effects upon applicable Legacy ELL customers' typical monthly bills: for a Residential customer using 1,000 kWh the bill would change by approximately \$3.29, from \$95.50 to \$98.79; for a Small General Service customer using 50 kW and 12,500 kWh the bill would change by approximately \$44.69, from \$1,278.20 to \$1,322.89; for a Large General Service customer using 1,000 kW and 500,000 kWh the bill would change by approximately \$1,011.37, from \$32,364.04 to \$33,375.41.

It is estimated that the proposed adjustment in rates will have the following effects upon applicable Legacy EGSL customers' typical monthly bills: for a Residential customer using 1,000 kWh the bill would change by approximately \$1.42, from \$89.14 to \$90.56; for a Small General Service customer using 5,000 kWh the bill would change by approximately \$8.71, from \$529.64 to \$538.35; for a Large General Service customer using 500 kW and 255,500 kWh the bill would change by approximately \$217.54, from \$15,130.20 to \$15,347.74.

**WHEREAS**, the Capital Outlay Act 2 of 2020 adopted in accordance with Article VII, Section 6 of the Louisiana Constitution, is the comprehensive capital outlay budget required by said Article VII, Section 6, and contains an appropriation for Ouachita Parish, entitled "Steep Bayou Sewer – Phase 3" (hereinafter "Project"), in the total amount of \$1,745,000 (\$175,000 in Priority 2 and \$1,570,000 in Priority 5), which appropriation requires a 25% local fund match from Ouachita Parish; and

**WHEREAS**, said \$1,745,000 appropriation is for Planning and Construction of this Project to construct 4 Lift Stations, construct 16,100 linear feet of Sewer Force main, and rehabilitate approximately 4,500 linear feet of existing Sever Gravity Main by pipe-bursting. This project is vital to give West Ouachita Sewerage District the capacity to allow future development in western Ouachita Parish, to eliminate existing package treatment plants that are discharging sewerage effluent into the environment, and to increase the amount of effluent for treatment at the City of West Monroe's Regional Treatment Plant thereby providing more water to Graphic Packaging which will reduce that facilities use of groundwater and thereby lessen depletion of the vital Sparta Aquifer; and,

**WHEREAS**, \$175,000 of the present appropriation is classified as "Priority 2" but must be moved to a "Cash Line of Credit" in order that the appropriation can be given effect and the planning (including engineering) and right-of-way acquisition for this vital project can commence. Further, \$1,570,000 of the present appropriation is classified as "Priority 5" but must be moved to a "Cash Line of Credit" in order that the appropriation can be given effect to allow construction of this vital project without undue delay, thereby allowing the citizens to receive the full benefit of the prior phases of this project that have been completed by West Ouachita Sewerage District No. 5;

**BE IT RESOLVED** by the Ouachita Parish Police Jury, acting as governing authority of said Parish:

**SECTION 1.** That the present "Priority 2" capital outlay funding in the amount of \$175,000.00 for the "Steep Bayou Sewer – Phase 3" (FP&C Project No. 50-J37-20-03) be moved to a cash line of credit;

**SECTION 2.** That the present "Priority 5" capital outlay funding in the amount of \$1,570,000.00 for the "Steep Bayou Sewer – Phase 3" (FP&C Project No. 50-J37-20-03) be moved to a cash line of credit;

**SECTION 3.** That the President of the Ouachita Parish Police Jury, or in his absence the Vice-President, is hereby authorized to execute a Cooperative Endeavor Agreement between the State of Louisiana, Office of Facility Planning and Control (FP&C) and the Ouachita Parish Police Jury, to secure up to \$1,745,000 in Capital Outlay Cash for the "Steep Bayou Sewer – Phase 3" (FP&C Project No. 50-J37-20-03);

**SECTION 3.** That the required matching funds in the amount of 25% for the Project be, and hereby are, dedicated from other funds available to the Ouachita Parish Police Jury;

**SECTION 4.** That Kevin Crosby, Parish Engineer has been designated to act on behalf of the Parish of Ouachita in all matters pertaining to the Project, including certifying requests for State disbursements but excluding any matter that requires Police Jury approval that will be signed by the Police Jury President.

Mr. Bratton, seconded by Mr. Hudson offered the following resolution for adoption.

RESOLUTION NO. 20-35

**A RESOLUTION REQUESTING THAT THE PRESENT "PRIORITY 2" CAPITAL OUTLAY FUNDING FOR THE "RIVER STYX PUMP STATION FORCE MAIN" (FP&C PROJECT NO. 50-J37-20-02) BE MOVED TO A CASH LINE OF CREDIT; AUTHORIZING THE MATCHING FUNDS FOR SAID PROJECT; AND, FURTHER PROVIDING WITH RESPECT THERETO.**

**WHEREAS**, the Capital Outlay Act 2 of 2020 adopted in accordance with Article VII, Section 6 of the Louisiana Constitution, is the comprehensive capital outlay budget required by said Article VII, Section 6, and contains an appropriation for Ouachita Parish, entitled "River Styx Pump Station Force Main" (hereinafter "Project"), in the total amount of \$730,000, which appropriation requires a 25% local fund match from Ouachita Parish; and

**WHEREAS**, said \$730,000.00 appropriation is for this Project to replace the three 54" steel discharge pipes on the largest pump station in Ouachita Parish. This pump station is vital to flood protection in a large portion of northeastern Ouachita Parish, including portions of the City of Monroe; and,

**WHEREAS**, the present appropriation is classified as "Priority 2" but must be moved to a "Cash Line of Credit" in order that the appropriation can be given effect and OPPJ can make the necessary repairs to this vital pump station as soon as possible. Without new discharge pipes, the operation of this pump station risks washing out both a state highway and the Ouachita River levee. However, if this pump station doesn't operate a large portion of Ouachita Parish faces a risk of devastating flooding. Suffice it to say, the immediate need for replacement of the discharge pipes warrants expediting the availability of this appropriation;

**NOW, THEREFORE:**

**BE IT RESOLVED** by the Ouachita Parish Police Jury, acting as governing authority of said Parish:

**SECTION 1.** That the present "Priority 2" capital outlay funding in the amount of \$730,000.00 for the "River Styx Pump Station Force Main" (FP&C Project No. 50-J37-20-02) be moved to a cash line of credit;

**SECTION 2.** That the President of the Ouachita Parish Police Jury, or in his absence the Vice-President, is hereby authorized to execute a Cooperative Endeavor Agreement between the State of Louisiana, Office of Facility Planning and Control (FP&C) and the Ouachita Parish Police Jury, to secure \$730,000.00 in Capital Outlay Cash for the "River Styx Pump Station Force Main" (FP&C Project No. 50-J37-20-02) ;

**SECTION 3.** That the required matching funds in the amount of 25% for the Project be, and hereby are, dedicated from other funds available to the Ouachita Parish Police Jury;

**SECTION 4.** That Kevin Crosby, Parish Engineer has been designated to act on behalf of the Parish of Ouachita in all matters pertaining to the Project, including certifying requests for State disbursements but excluding any matter that requires Police Jury approval which will be signed by the Police Jury President.

The above resolution was adopted on the 3<sup>rd</sup> day of August, 2020.

# Edwards: Laura recovery cost likely to exceed \$700M

BY DAVID JACOBS  
The Center Square

Louisiana’s response to Hurricane Laura likely will cost more than \$700 million, Gov. John Bel Edwards said Wednesday.

If spending reaches that threshold, the state’s share of the cost would be 10 percent, with the federal government paying 90 percent. If not, the state’s share would be 25 percent.

Louisiana so far has spent at least \$43 million, Edwards said. He said he wasn’t sure if that total included the cost of sheltering evacuees in hotels, which is likely to be the biggest expense.

There are communities in southwest Louisiana that are considered uninhabitable, and state officials want to avoid putting people in mass shelters as much as possible because of the risk

of contracting COVID-19. The state currently is sheltering more than 11,000 people, mostly in New Orleans hotels. People who need shelter can text LASHELTER to 898-211.

“We’re going to shelter people as long as we need to,” Edwards said. He urged residents to listen to local officials regarding when it is safe to return home.

The Federal Emergency Management Agency has

approved seven more parishes for individual assistance, bringing the total to 16. The newly approved parishes are Rapides, Natchitoches, Sabine, Winn, Grant, Jackson and Lincoln. The state has asked for assistance for residents of 23 parishes in total.

More than 80,000 Louisiana residents have applied for Hurricane Laura assistance from FEMA, which can include grants for home

repairs and temporary housing and low-interest loans, Edwards said.

About \$8.1 million has been distributed. Residents can apply at disasterassistance.gov or by calling 1-800-621-FEMA.

The Louisiana Public Service Commission reported 236,687 power outages Wednesday morning, down from a high of more than 600,000.

In the hardest-hit areas of

southwest Louisiana, electricity may not be restored for a month because of severe infrastructure damage.

More than 6,100 National Guard members have been activated and are distributing supplies at 40 different sites.

They have passed out more than 2.7 million liters of water, more than 1.8 million meals ready to eat, 273,000 bags of ice and 94,000 tarps, officials said.

### Woman arrested for blocking road, disturbing peace

Ouachita Parish sheriff’s deputies arrested a West Monroe woman on suspicion of blocking a public passage and disturbing the peace through drunkenness on Sunday after authorities learned of the woman lying on Evergreen Street near the Boys and Girls’ Club.

Jessica Diane Landry, 21, of West Monroe, was lying on the road in such a way that forced traffic to go around her, according to the arresting deputy.

“Upon my contact with the female I noticed she had exaggerated body movements, was unable to stand still and was grinding her teeth while she was talking,” stated the Sept. 6 arrest report.

Landry told the deputy she had used methamphetamine

the night before.

Landry was booked at Ouachita Correctional Center.

### West Monroe man accused of swinging hatchet at victim

Ouachita Parish sheriff’s deputies arrested a West Monroe man on suspicion of aggravated assault last week after a victim notified authorities that the suspect tried to hit him with a hatchet.

The victim claimed James K. Smith, 55, of 312 Lashay Drive, West Monroe, picked up a hatchet during an argument and swung it at him.

“Victim stated Arrestee did not hit him, but then Arrestee threw the hatchet at him in another attempt to hit him,” stated the Sept. 3 arrest report. “Victim stated Arrestee missed again.”

During questioning, Smith admitted he swung the hatchet at the victim and also tried to throw it at the victim.

Smith was booked at Ouachita Correctional Center.

### MPD arrest Monroe woman for stealing employee’s car

Monroe police arrested a Monroe woman for theft of a motor vehicle last week after a local car wash employee reported seeing the suspect get inside his Nissan Versa and drive away.

The suspect was later identified as Amber Leigh Claunch, 29, of 2665 Winnsboro Road, Monroe.

The car was tracked to West Monroe where police stopped the suspect.

Claunch admitted she took the car.

She was booked at Ouachita Correctional Center.
