

Impaired driver arrested in Morehouse Parish fatal crash

Troopers with Louisiana began investigating a fatal on U.S. Hwy 425 near Town juries and was pronounced State Police (LSP) Troop F crash involving a bicyclist

1615 North 18th Street, Monroe • 387-4409 www.ronalexanderclothiers.com

and Country Road last week.

On April 20, the crash claimed the life of Matthew Courson, 50, of Bastrop.

The preliminary investigation revealed that Courson was traveling north on the northbound shoulder of Hwy 425 on a bicycle. At the same time, a 2019 Jeep Grand Cherokee, driven by Madison Cox, 24, was also northbound on Hwy 425 behind the bicycle.

For reasons still under investigation, Cox veered right and struck Courson. Courson sustained fatal in-

dead at the scene.

Cox and her front seat passenger, who were both properly restrained, were not injured. As part of the continued investigation, Cox was determined to be under the influence of alcohol at the time of the crash.

Cox was arrested and ultimately booked into the Morehouse Parish Jail for vehicular manslaughter and driving on a roadway laned for traffic. Cox submitted a voluntary breath sample that was over twice the legal amount. This crash remains under investigation.

GREATER OUACHITA WATER COMPANY, INC. NOTICE TO WATER CUSTOMERS GOWC NORTH WATER SYSTEM 04/19/2024

(PWS ID No. LA1073120)

The GOWC NORTH WATER SYSTEM is currently in violation of the treatment technique requirements for minimum residual disinfectant level as set forth by the State (Part XII of the Louisiana State Sanitary Code). Although this incident is not an emergency, as our customers, you have a right to know what happened and what we are doing to correct this situation.

The Louisiana Department of Health (LDH) has determined that the presence of microbiological contaminants is a health concern at certain levels of exposure and requires the disinfection of drinking water to kill disease-causing organisms. Inadequately treated water may contain disease-causing organisms. These organisms include bacteria, viruses, and parasites which can cause symptoms such as nausea, cramps, diarrhea, and associated headaches. These symptoms, however, are not just associated with disease-causing organisms in drinking water, but also may be caused by a number of factors other than your drinking water. LDH has set enforceable requirements for treating drinking water to reduce the risk of these adverse health effects. Treatment such as filtering and disinfecting the water removes and destroys microbiological contaminants. Drinking water which is treated to meet LDH requirements is associated with little to none of this risk and should be considered safe

We are required to monitor your water for the residual disinfectant level. This tells us whether we are effectively treating the water supply. During the compliance monitoring periods of February 1, 2024 through February 29, 2024, and March 1, 2024 through March 31, 2024, the GOWC North water system failed to provide the minimum residual disinfectant level in the treated water supplied to customers. The violation occurred because the treated water chlorine residual was less than 0.5 milligrams per liter in over five percent of the samples collected in the water system in two consecutive months.

FEDERAL EMERGENCY MANAGEMENT AGENCY PUBLIC NOTICE OF AVAILABILITY FOR THE

DRAFT ENVIRONMENTAL ASSESSMENT FOR THE OUACHITA

GEORGIA STREET PUMP STATION AND FORCE MAIN PROJECT, IN MONROE, OUACHITA PARISH, LA, HMGP-4263-0013-LA

Interested persons are hereby notified that the Ouachita Parish Police Jury has applied to the Federal Emergency Management Agency (FEMA), through the Governor's Office of Homeland Security and Emergency Preparedness (GOHSEP) for Hazard Mitigation Grant Program (HMGP) funding under Section 404 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act. FEMA's HMGP provides grants to states, tribes, territories, and local governments to implement long-term hazard mitigation measures that reduce the loss of life and property due to natural disasters and to enable mitigation measures to be implemented during the immediate recovery from a disaster. This notice also serves as FEMA's final notice under Executive Order 11988 for Floodplain Management as the proposed action is located within the regulatory floodplain.

FEMA proposes to provide funding to Ouachita Parish to construct a new pump station with detention pond; construct a new force main; and upgrade an existing outfall into the Ouachita River to accommodate the flows from the new pump station. The proposed pump station measures approximately 320 feet (ft) by 120 ft and would be constructed on 1.4-acre property owned by the City of Monroe and located on the east side of Georgia Street (St.) between Parker St. and Lock Drive (32.47909, -92.101934). The pump station would be constructed to house three (3) - 22,500 gallons per minute (gpm) pumps powered by diesel engines to ensure operation during power outages. The third pump would serve as a backup. The force main from the pump station to the Ouachita River would be approximately 5,250 ft in length and extends from the existing Plum St. outfall facility at the Ouachita River at South Ground St. and Plum St. to near the intersection of Georgia St. and Parker St. A 42-inch high density polyethylene (HDPE) force main pipe would discharge water collected at the pump station into the Ouachita River at the existing Plum St. outfall structure. Five (5) roadway crossings would be required, and the force main would be buried under several private driveways that would be reconstructed. The crossing at the Union Pacific Railway would require a horizontal bore and steel casing. The force main construction would impact local utilities (e.g., water, sewer, gas and phone lines) in the existing right of way. The existing outfall structure itself would require some modifications to handle additional flow velocity and depth. The structure would be widened from 8 ft to 18 ft and the headwall would be raised from $5.5~\mathrm{ft}$ to $7~\mathrm{ft}$ ft. The proposed pump station and force main piping would collect and discharge floodwaters from the approximately 285-acre watershed area into the Ouachita River at a rate up to 45,000 gpm.

The Proposed Action includes, and the Draft Environmental Assessment (EA) also considers, several additive alternate upgrades if there is enough available funding under the FEMA grant, which is dependent on materials and construction costs. Alternate upgrades include pump upgrades, increasing the pump motor size, adding structural support to accommodate additional weight, a backup generator, and a tower to support supervisory control and data acquisition (SCADA) equipment.

A Draft EA has been prepared to assess the potential impacts of the Proposed Action and alternatives on the human and natural environment in accordance with the National Environmental Policy Act of 1969 (NEPA), the Council on Environmental Quality (CEQ) regulations implementing NEPA (40 CFR Parts 1500 - 1508), FEMA's Instruction 108-1-1 for implementing NEPA, the National Historic Preservation Act, Executive Order 11988, Executive Order 11990, and 44 CFR Part 9. The Draft EA evaluates alternatives that provide for compliance with applicable environmental laws. The alternatives

evaluated include (1) No Action; and (2) Proposed Action as described above.

The Draft EA is available for review at the following locations: Ouachita Parish Library, Main Branch, 1800 Stubbs Avenue, Monroe, LA 71201 and the Ouachita Valley Library Branch, at 601 McMillian Road, West Monroe, LA 71291 - Mondays through Thursdays 9:00am to 7:00pm; Fridays 9:00am to 6:00pm; and Saturdays 9:00am to 5:00pm. The Draft EA is also available online at FEMA's website https://www.fema.gov/emergency-managers/practitioners/environmental-historic/nepa/environmental-assessment-georgia.

This public notice will run in the NewStar, for five (5) days from Monday, April 22, 2024, to Friday, April 26, and for two (2) days in the Ouachita Citizen on Thursday, April 25, 2024 and Thursday, May 2, 2024. There will be a 30-day comment period beginning on April 22, 2024, and concluding on Tuesday, May 21, 2024, at 4:00pm. Written comments on the Draft EA may be mailed to: Dorothy Cook, Environmental Protection Specialist, FEMA Region 6, 800 N Loop 288, Denton, TX 76209, or e-mailed to fema-liro-ehphma@fema.dhs.gov.

If no substantive comments are received, the Draft EA will become final and a Finding of No Significant Impact (FONSI) will be issued for the project. Substantive comments will be addressed as appropriate in the final doc-

PUBLIC NOTICES — Morehouse Parish

(Continued from Page 10B)

"In accordance with the provisions of Act 366 of the 2023 Session of

Legislature, notice is given that Morehouse Parish Assessor's office intends to

increase the Assessor's compensation as provided by law in an

exceed five percent for the term beginning after December 31, 2024."

The Morehouse Parish Communications District (the "District") met in a REGULAR SESSION on January 9, 2024, at 4:30 p.m. at the Police Jury Annex. The meeting was called to order by Chairman Brian Shoemaker with the following board members present: Ted Parker, Lawrence Robinson, Billy Shepherd, Timothy Williams, and James Cunningham. Also present was the Board's secretary-treasurer, Deb Williams.

Each member was mailed a copy of the minutes from the December 19, 2023, special meeting for review. Motion was made by Mr. Parker to accept the minutes as written. Motion passed following a second by Mr.

Mr. Shoemaker notified the board that he had received one bid for new call handling equipment from the public bid notice that ran for 3 consecutive weeks in December in the Ouachita Citizen. The one bid received was from AT&T. Two copies of the bid were received which were opened during the meeting - one by Mr. Shoemaker and one by Mr. Williams.

The AT&T bid for new equipment includes the VIPER hardware and software, the required licenses, three power stations at the Sheriff's office, three power stations at the Bastrop Police Department, installation services, mapping services, and training services. The bid cost is \$610,765. In addition, the cost of AT&T maintenance on the equipment for 60 months is \$51,460 and the monthly recurring costs related to AT&T required circuits and internet service is \$1,255 per month. The cost of the optional Text to 911 feature is \$63,334.

Mr. Parker and Mr. Robinson asked to have an AT&T representative meet with the board to discuss and explain the bid. The board discussed that the bid was quite a bit higher than the original bid received from AT&T a couple of years ago. Mr. Shoemaker said he would get in touch with Ms. Donna Pair from AT&T to schedule a meeting for her to come in to discuss the bid proposal with the board.

Mr. Shoemaker notified the board that he had briefly talked with Michael Donahue (Edward Jones) regarding possible investment strategies. With the board's approval, Mr. Shoemaker will discuss this further with Mr. Donahue and let the board know what he finds out. Mrs. Williams presented the board with a schedule showing the CD's at various banks and the current interest rates with maturity dates. Mr. Parker noted that he would go by Mer Rouge State Bank and Origin Bank regarding the CD's maturing within the next few days and discuss what interest rates the CD's will mature at. Mr. Shoemaker will talk to Kraftman regarding updating the persons on the CD who can discuss and make changes regarding the CD. Mr. Cunningham made a motion to add Mr. Shoemaker's name to the Kraftman CD. Motion passed following a second by Mr. Parker.

Mrs. Williams reviewed the Louisiana Legislative Auditor attestation questionnaire with the board. Mr. Williams made a motion that the board approve and accept the attestation questionnaire. Motion passed after a second by Mr. Parker. Mr. Parker made a motion that the board engage Hill, Inzina for the review of the 2023 financials. Motion passed following a second by Mr. Williams.

There being no further business to discuss, the meeting was adjourned following a motion by Mr. Shepherd and a second by Mr. Robinson.

Brian Shoemaker, Chairman

The Morehouse Parish Communications District (the "District") met in a SPECIAL SESSION on January 30, 2024, at 10:30 a.m. at the Police Jury Annex. The meeting was called to order by Chairman Brian Shoemaker with the following board members present: Ted Parker, Lawrence Robinson, Billy Shepherd, and James Cunningham. Also present was the

Board's secretary-treasurer, Deb Williams, Donna Pair with AT&T, and Brian Elvington with Intrado. Board member Chief Leondrio Reed participated in the meeting by phone.

Mr. Parker asked about the price increase in the AT&T bid from the initial estimate. Ms. Pair noted that monitoring services, network services, and FCC cloud based mapping services had been added to the project. The mapping services are band width driven and will require internet service that is not required with our current system. The host system will be at the MPSO with a remote at the BPD with a circuit going between the two

Mrs. Williams asked about the \$2,700 monthly maintenance cost currently being paid. Ms. Pair noted that the \$2,700 charge would go away and be replaced by the maintenance cost per the bid (\$857.67 per month or \$51,460 for 60 months). Ms. Pair noted that a new person at AT&T (Terrance) would be responsible to make sure that the bills are adjusted appropriately but that we could work through her to make sure adjustments were made. Based on discussion, the ongoing monthly charge will be approximately \$2,965 which includes approximately \$850 currently being paid to AT&T (the current monthly bill excluding maintenance cost), \$860 for maintenance, and \$1,255 for circuits and internet. Ms. Pair noted that there was a lovalty discount included in the bid in the form of no additional charges from Intrado for software.

According to Ms. Pair she will not know the expected time frame for installation until they get the signed agreement from the Board. Total implementation will take about 2 ½ weeks once it starts. Currently, installations are being scheduled into July 2024 so the District's installation will be later than that. Intrado will come in to do in-person training with the call takers after the system is implemented.

Mr. Parker asked about how long the bid was good for and Ms. Pair noted that the quote was solid.

Mr. Elvington briefly discussed the GIS requirements. They will start with the District's current Powermap data and incorporate any new data from flyovers, tax assessor, etc. Mr. Elvington noted that the mapping service will support two mapping updates per year. Mr. Elvington noted that they would contact Messinger & Associates regarding what data Messinger has and what format it's in to determine what work needs to be done to get the information in a useable ESRI shape file. Mr. Elvington noted that they would also use Google maps and tax assessor data. Mr. Shoemaker will provide the Mr. Messinger's contact information to Ms. Pair so that Intrado and AT&T can begin conversations with Mr. Messinger.

Mr. Parker asked about the current availability of Text to 911. Ms. Pair noted that Text to 911 is currently available and the additional cost of that is \$63,334. This cost includes language translation capability.

Mr. Elvington noted that there would be extensive reporting capabilities

Mr. Parker noted that the board should meet again within the next couple of weeks after the adjusted bid is received from Ms. Pair to finalize acceptance of the bid.

There being no further business to discuss, the meeting was adjourned following a motion by Mr. Parker and a second by Mr. Shepherd.

Deb Williams, Sec/Treasurer

NOTICE TO PUBLIC: PROPERTY FOR LEASE FOR WIND LEASE AND SERVITUDE AGREEMENT

The Morehouse Parish School Board is now receiving bids for the lease of school property solely for the purpose of a Wind Lease And Servitude Agreement. The description of the property to be leased by the Morehouse Parish School Board as Lessor is the following described property situated in the Parish of Morehouse, State of Louisiana, to-wit:

Section 16, Township 22 North, Range 9 East, Morehouse Parish, Louisiana containing approximately 638.47 acres.

General Provisions of Lease Agreement

Morehouse Parish School Board will lease to the successful bidder (Lessee), the above Premises for the sole purpose of evaluating, developing, constructing, installing, using, replacing, relocating, removing, operating

and maintaining wind energy conversion turbine generators ("WTGs"), temporary or permanent meteorological towers, SODAR, LIDAR or other vind measurement equipment, poles, masts, towers, supporting structures, foundations, and pads, footings, electrical transformers, inverters and collection systems and cabling, fixtures, overhead and underground electric distribution and transmission lines, collector lines, communication lines, junction boxes, utility lines, temporary or permanent access roads, and related facilities and equipment (collectively, the "Wind Facilities") on, over and across the Premises and in accordance with applicable law. Such activities may be conducted by Lessee, its employees, contractors, agents, licenses or permittees.

Lessor will grant to Lessee, an exclusive servitude over, across and on the Premises for (1) ingress to and egress from and around the Wind Facilities (whether located on the Premises, on adjacent property or elsewhere) by means of roads and lanes thereon if existing, or otherwise by such route or routes as Lessee may construct from time to time and (ii) evaluating and monitoring wind resources, other metrological studies, soil studies, environmental surveys and studies and other activities on the Premises related to the evaluation and development of the Wind Facilities.

All bids will be accepted only on official forms that can be obtained from the office of the Morehouse Parish School Board. All bids shall be in the form which reflect a yearly cash payment amount.

A proposed Wind Lease And Servitude Agreement must be included

Bids will be received in the office of the Morehouse Parish School Board at 4099 Naff Avenue, Bastrop, Louisiana or at P.O. Box 872, Bastrop, Louisiana 71221-0872. Bids and proposed Agreement must be hand delivered or sent by certified mail. The bid must be enclosed in an envelope which has on its front legibly written "Bid for Wind Lease."

The School Board reserves the right to reject any or all bids and to waive all informalities. Bids must be delivered to the Morehouse Parish School Board at the above address no later than

10:00 a.m. on May 9, 2024. The bids will be opened publically at Morehouse Parish School Board Central Office Conference Room, 4099 Naff Avenue, Bastrop, LA 71220. Sealed bids must be hand delivered or sent by certified mail in an envelope clearly marked: "Bid for Wind Lease." Each bid must be accompanied by a certified check, made payable to the Morehouse Parish School Board in an amount equal to 10% of the first year's lease payment which will be returned if the bid is not accepted.

Each successful bidder will be required to execute a Wind Lease And Servitude Agreement approved by counsel for the Morehouse Parish School Board which will be the sole document utilized for lease of the property. The Wind Lease And Servitude Agreement shall contain the specifications for the lease.

Whether or not there have been bids received or the number of bids received shall remain confidential until such time as the bids are opened. The Morehouse Parish School Board reserves the right to reject any bid for lease or to accept the high bid that meets specifications. Instructions for the bid specifications and bid forms are available at the office of the Superintendent at Morehouse Parish School Board located at 4099 Naff Avenue, Bastrop, Louisiana. Official Bid Documents are available at Central Bidding. Electronic Bids are accepted at Central Bidding. Central Bidding can be assessed at www.centralbidding.com/rfp.php?cid=10075. For questions of the contral of th tions related to the electronic bidding process, please call Central Bidding at 225810-4814. All inquiries should be directed to the Superintendent, Morehouse Parish School Board, P.O. Box 872, Bastrop, LA 71221-0872. The number of bids will remain confidential until bids are opened.
