Floodplain and Wetland Notice of Explanation Activity in a 100-Year Floodplain

To: All interested Agencies including all Federal, State, and Local, Groups and Individuals

This is to give notice that the Perry County Fiscal Court under 24 CFR Part 58 has conducted an evaluation as required by Executive Order 11988 and/or 11990, in accordance with HUD regulations at 24 CFR 55.20 Subpart C Procedures for Making Determinations on Floodplain Management, to determine the potential affect that its project in the floodplain and wetland will have on the human environment for the Perry County Radio Read Meter Project under the Kentucky Infrastructure Authority. The project will replace 1,065 radio read meters that will reduce manpower and time and allow utilities to monitor consumption patterns more efficiently and detect issues like leaks and tampering sooner.

The Perry County Fiscal Court has considered the following alternatives and mitigation measures to be taken to minimize adverse impacts and to restore and preserve natural and beneficial values. The first option would be to install software only. The Court considered taking no action and continuing to read the meters manually. The Perry County Fiscal Court considered constructing the project as designed of which part of the project may be in the 100-year floodplain as designated by August 2, 2006, FEMA Floodplain Maps: with very minimal impacts to the floodplain areas. State and local floodplain protection procedures will be implemented for this project.

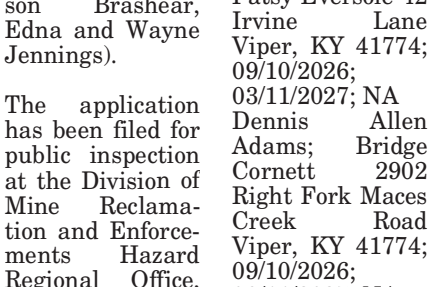

The Perry County Fiscal Court has re-evaluated the alternatives to building in the floodplain and has determined that it has no practicable alternative. Environmental files that document compliance with steps 3 through 6 of Executive Order 11988 and/or 11990, are available for public inspection, review and copying upon request at the times and location delineated in the last paragraph of this notice for receipt of comments. This activity will have no significant impact on the environment for the following reasons:
The installation of new meters for the Perry County Radio Read Meter Project in the floodplain areas will utilize best management practices and will observe local sedimentation and erosion control ordinances. Once constructed, the project will not impede the floodplain. This is the most economical and least environmentally impacting alternative considered.

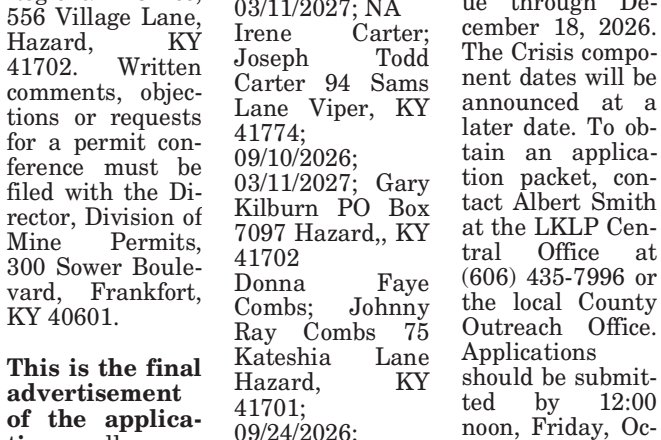

Written comments must be received by the Perry County Fiscal Court at the following address on or before: 2:00 pm on Friday, October 23, 2026, Perry County Fiscal Court, P.O. Drawer 210; Hazard, KY 41702; or 481 Main Street; Hazard, KY 41701, PH; Attention: Scott Alexander Perry County Judge Executive, during the hours of 8:00 a.m. to 4:00 p.m. The phone number is 606-439-1686 or email at hazardperrygrants@yahoo.com.

NOTE: There are three primary purposes for this notice. First, people who may be affected by activities in floodplains and those who have an interest in the protection of the natural environment should be given an opportunity to express their concerns and provide information about these areas. Second, an adequate public notice program can be an important public educational tool. The dissemination of information about floodplains can facilitate and enhance Federal efforts to reduce the risks associated with the occupancy and modification of these special areas. Third, as a matter of fairness, when the Federal government determines it will participate in actions taking place in floodplains, it must inform those who may be put at greater or continued risk.

COMMONWEALTH OF KENTUCKY
COUNTY OF PERRY
ORDINANCE NUMBER 2026- 032

AN ORDINANCE ESTABLISHING AN ELECTRICAL INSPECTION PERMITTING PROGRAM AND FEE SCHEDULE FOR PERRY COUNTY, KENTUCKY, PURSUANT TO KRS 227.480

WHEREAS, KRS 227.480 requires a county, according to the Uniform State Building Code as it pertains to the plan review and inspection responsibilities of local governments, to require any person to obtain a permit before commencing construction, alteration or repair of any electrical system, and to require all inspections deemed necessary by the Department of Housing, Buildings and Construction for the safety of life and property;

WHEREAS, 815 KAR 35:020 requires that electrical construction, installation, alteration, and repair be inspected by the Department of Housing, Buildings and Construction or by a local certified electrical inspector having jurisdiction, subject to the exemptions provided by state law;

WHEREAS, 815 KAR 35:015 establishes the classifications and qualifications of electrical inspectors;

WHEREAS, all electrical inspectors must be certified under KRS 227.489; and

WHEREAS, the Perry County Fiscal Court has determined that this Ordinance serves the best interests of Perry County by establishing clear standards, procedures, and qualifications for electrical inspections; ensuring fair and consistent enforcement; and promoting public well-being and safety;

NOW THEREFORE, BE IT ORDAINED by the Fiscal Court of the County of Perry, Commonwealth of Kentucky, as follows:

SECTION 1. ESTABLISHMENT OF LOCAL ELECTRICAL PERMITTING AND INSPECTION PROGRAM; ADOPTION OF INSPECTION STANDARDS; DEFINITIONS

A. Pursuant to KRS 227.480, the Perry County Fiscal Court hereby establishes a local electrical permitting and inspection program to regulate the construction, installation, alteration, and repair of electrical systems within Perry County, Kentucky. An electrical permit shall be required before commencing the construction, installation, alteration, or repair of any electrical system when required by KRS 227.480 and applicable state building and electrical regulations. The scope of this Ordinance is limited to electrical systems, and this Ordinance shall not create or recognize any exemption broader than those provided under state law.

B. The Uniform State Building Code, as promulgated by the Department, together with the National Electrical Code (including any Kentucky amendments), 815 KAR 35:020, 815 KAR 35:015, and the Kentucky Standards of Safety, are hereby adopted as if fully set forth herein and shall serve as the standards used by the electrical inspector in making inspections under this Ordinance, as amended, and shall be enforced in Perry County, Kentucky. All exemptions provided under KRS 227.480, 815 KAR 35:020, and other applicable state law are incorporated herein by reference, and such state-law exemptions shall control.

C. A copy of this Ordinance shall be transmitted to the Department of Housing, Building and Construction of the Commonwealth of Kentucky.

D. For purposes of this Ordinance, the following definitions shall apply:

i. "Electrical System" means all electrical conductors, equipment, wiring, fixtures, and appurtenances installed for the generation, transmission, distribution, or use of electrical energy that are subject to the National Electrical Code, the Uniform State Building Code, and the Kentucky Standards of Safety.

ii. "Electrical Inspector" means a person who performs electrical inspections under this Ordinance and who is certified under KRS 227.489 and 815 KAR 35:015.

iii. "Certified Electrical Inspector" means an electrical inspector holding the Department certification appropriate to the classification of work being inspected, whether as an electrical inspector for one- and two-family dwellings or as an electrical inspector general, as provided in 815 KAR 35:015.

iv. "Permit Holder" means the person or entity to whom an electrical permit is issued under this Ordinance.

v. "Department" means the Kentucky Department of Housing, Buildings and Construction.

vi. "Electrical Permit" or "Permit" means the permit issued by Perry County authorizing the electrical work described in the application, which must be obtained before commencing work to the extent required by KRS 227.480.

SECTION 2. APPOINTMENT AND QUALIFICATIONS OF CERTIFIED ELECTRICAL INSPECTOR

A. Electrical inspections required by this Ordinance shall be performed by the Kentucky Department of Housing, Buildings and Construction or by a local certified electrical inspector having jurisdiction. Each electrical inspector shall be certified under KRS 227.489 and shall hold the inspector classification appropriate to the work being inspected under 815 KAR 35:015, whether as an electrical inspector for one- and two-family dwellings or as an electrical inspector general, as applicable.

B. The certified electrical inspector shall maintain all required certifications, licensure, and qualifications, and shall complete all continuing education requirements, as mandated by KRS 227.489, 815 KAR 35:015, and the Kentucky Department of Housing, Buildings and Construction.

C. After obtaining an electrical permit from the County, the permit holder shall make arrangements directly with a certified electrical inspector having jurisdiction for the inspection or inspections required by this Ordinance and applicable state law.

D. The certified electrical inspector shall have the authority and responsibility to perform all duties and obligations necessary for the enforcement of the provisions of KRS 227.480, 815 KAR 35:020, 815 KAR 35:015, and all applicable regulations promulgated thereunder.

E. The certified electrical inspector shall comply with requests for information and reporting from the Perry County Fiscal Court as to the activities of the electrical inspection program, including the inspections conducted, fees charged and received, and enforcement actions taken.

F. The certified electrical inspector shall accept the inspection fee directly from the permit holder and shall retain that fee as the inspector's own fee for services rendered. Such inspection fee is not County revenue, and the County shall neither receive, hold, nor account for it.

G. The Perry County Fiscal Court shall not compensate the certified electrical inspector for inspection services and shall not be responsible for the collection of any unpaid inspection fees.

H. The certified electrical inspector shall maintain accurate and complete records sufficient for the County's requirements, including records of all inspections; proof of the inspector's certification and licensure; inspection outcomes; corrections required; approvals and disapprovals; and the dates and locations of each inspection. Such records shall be retained for the period required by applicable law and shall be made available to the Perry County Fiscal Court for inspection and audit upon request.

I. The certified electrical inspector shall be responsible for all expenses associated with the performance of inspection services, including but not limited to transportation, equipment, and office supplies.

J. The Perry County Fiscal Court shall designate one or more qualified certified electrical inspectors to undertake the duties prescribed herein and by applicable law.

SECTION 3. ELECTRICAL PERMIT REQUIREMENTS, PERMITTING PROCESS, AND FEE SCHEDULE

A. Unless exempted by Kentucky statute or regulation, no person or entity shall commence the construction, installation, alteration, or repair of any electrical system within Perry County without first obtaining an electrical permit from the County, as required by KRS 227.480 and applicable state building and electrical regulations. Exemptions from the permit requirement are as specified in KRS 227.480, 815 KAR 35:020, and other applicable state laws and regulations, and this Ordinance creates no exemption broader than those allowed under state law.

B. An electrical permit shall not be issued unless the applicant submits proof of being licensed as an electrical contractor under KRS Chapter 227A or of acting on behalf of a licensed electrical contractor. Pursuant to KRS 227.480(2), this requirement shall not apply to: (a) a homeowner or farmer who performs the construction, alteration, or repair of an electrical system on his or her own premises, or any other person exempt from licensing under KRS 227A.030 or 227A.150; (b) electrical work performed by the Commonwealth of Kentucky, a city, county, urban-county government, charter county, or consolidated local government, or any subdivision thereof; (c) a company with a recently deceased licensed electrical contractor, which shall be granted an interim period of up to one hundred eighty (180) continuous calendar days to utilize the license of the deceased contractor upon effectuating and maintaining the bonding and insurance policies required by KRS Chapter 227A for the entirety of that period; and (d) a disaster response business as defined in KRS 141.010.

C. Each application for an electrical permit shall be submitted to the County on a form provided by the County and shall include, at a minimum: (a) the name, address, and contact information of the applicant and, if different, of the electrical contractor performing the work, together with the applicable license number or other proof of licensure required by this Section; (b) the location and address of the premises where the electrical work is to be performed; (c) a description and the scope of the electrical construction, installation, alteration, or repair to be performed; and (d) the valuation of the electrical work upon which any valuation-based fee is to be calculated.

D. The County shall collect a county electrical permit fee at the time an electrical permit is issued. The county permit fee shall not be a revenue-generating measure and shall be reasonably related to the County's actual cost of administering the electrical permitting program.

E. After obtaining a county electrical permit, the permit holder shall make arrangements directly with a certified electrical inspector who is designated by the County, as provided in Section 2 of this Ordinance, to perform the inspection or inspections required by law. The certified electrical inspector shall accept the inspection fee directly from the permit holder, and such inspection fee shall be retained by the inspector as the inspector's fee and shall not constitute County revenue. The inspection fee is separate from, and in addition to, the county electrical permit fee collected by the County under this Section.

The following categories comprise the electrical permit and inspection fee schedule:

i. county electrical permit fee: $ 25.00 residental - $100.00 Commerical;
ii. residential inspection: $ 125 ;
iii. commercial and industrial inspection — $ 125 or 1 % of the value of the electrical work
iv. rough-in inspection: $ 125 ;
v. final inspection: $ 125 ;
vi. reinspection: $ 125 ;
vii. temporary service: $ 125 ;
viii. service change: $ Ø ;
ix. plan review: $ N/A ; and
x. expedited or after-hours inspection: $ N/A .

This fee schedule may be amended only by subsequent ordinance adopted by the Perry County Fiscal Court.

SECTION 4. ENFORCEMENT AND COMPLIANCE

A. The certified electrical inspector shall have the authority to:

i. Issue stop-work orders for electrical construction, installation, alteration, or repair that violates the National Electrical Code, the Kentucky Building Code, the Kentucky Residential Code, or applicable regulations;

ii. Issue notices of violation and orders to correct for electrical work that does not comply with the National Electrical Code, the Kentucky Building Code, the Kentucky Residential Code, or applicable regulations; and

iii. Deny or revoke electrical permits or approvals for failure to comply with the National Electrical Code, the Kentucky Building Code, the Kentucky Residential Code, or applicable regulations.

B. Stop-work orders shall be in writing, shall state the specific electrical violation(s), and shall state the conditions under which work may resume. Stop-work orders shall be posted at the site of the electrical work and a copy shall be provided to the permit holder or their authorized agent.

C. Notices of violation and orders to correct shall be in writing, shall state the specific electrical violation(s) and shall specify the corrective actions required. Notices of violation and orders to correct shall be provided to the property owner, permit holder, or their authorized agent.

D. The civil penalties provided under KRS Chapter 227 and KRS 198B.990 for violations of the National Electrical Code, the Uniform State Building Code, applicable state law, and this Ordinance, as amended, are hereby referenced and incorporated herein.

E. In addition to the civil penalties provided by statute, which are incorporated herein, and in referenced statutes and regulations, the Perry County Fiscal Court may seek injunctive relief to prevent or abate violations of this Ordinance or the National Electrical Code and applicable electrical codes and regulations.

F. If any section, subsection, sentence, clause, phrase, or provision of this Ordinance is for any reason held to be invalid or unconstitutional by a court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Ordinance, which shall remain in full force and effect.

SECTION 5. INCONSISTENT ORDINANCES REPEALED

All ordinances or parts of ordinances that are in conflict with this Ordinance, to the extent of such conflict, are hereby repealed. Nothing in this Ordinance shall be construed to repeal or supersede the Perry County building inspection ordinance, which shall remain in full force and effect.
