NOTICE - STAGE 2 WATER RESTRICTION - IN EFFECT

Acton Municipal Utility District (AMUD) depends upon treated water from the Surface Water and Treatment System (SWATS) plant to provide an adequate supply of water for our customers during the high demand summer period. Unfortunately, due to an unexpected equipment failure at the plant, available production has been substantially reduced.

In an effort to reduce demand, we are instituting Stage 2 water use restrictions, effective immediately.

Water Use Restrictions: The following water use restrictions shall apply to all persons:

Irrigation of landscaped areas with hose-end sprinklers or automatic irrigation systems shall be limited to Sundays and Thursdays for customers with a street address ending in an even number (0, 2, 4, 6 or 8), and Saturdays and Wednesdays for water customers with a street address ending in an odd number (1, 3, 5, 7 or 9), and irrigation of landscaped areas is further limited to the hours of 12:00 midnight until 10:00 a.m. and between 8:00 p.m. and 12:00 midnight on designated watering days. However, irrigation of landscaped areas is permitted at any time if it is by means of a hand-held hose, a faucet filled bucket or watering can of five (5) gallons or less, or drip irrigation system.

Additional information on these restrictions is posted on our website at www.amud.com.

We apologize for this inconvenience, and appreciate your cooperation in adhering to these restrictions.
