All Commission Staff

RE: Staff Absenteeism

As you are aware, the Courthouse is a public building that offers a wide variety of county services offered to the public. It is the seat of county government and plays an important part in services rendered at the county level. As such, it is incumbent upon all staff to be present. Each staff member who works for the county plays an integral role in keeping the wheels of county government moving.

It has been brought to our attention that there have been widespread issues of absenteeism and in particular among our housekeeping staff. While we realize the past couple of years have been unprecedented with Covid causing illness, there are still those that tend to overuse the generous leave afforded to them.

Please be advised the situation is being closely monitored, and should it become necessary, the Commission will have no other choice but to find alternative ways to keep the building clean to ensure the health and safety of all staff and the public.

Thank you for what you do and let's all work together to make our Cabell County Courthouse one that is the best in the state!
