

**Bass-Smith
Funeral Home**

What is *Aquamation?*

A large, realistic water droplet is centered in the advertisement. It has a smooth, glossy surface with highlights and shadows, giving it a three-dimensional appearance. The droplet is positioned in front of a background of dark, silhouetted mountains.

We are proud to offer
Aquamation, an
environmentally friendly
natural, and eco-
conscious
alternative to traditional
flame
cremation or burial.
