Attention: Mayor Paul Esser
City of Sun Prairie Alders
Plan Commission Members

This letter is on behalf of Goldleaf Development, owners of several upscale apartment buildings in Sun Prairie including Regency Place Senior Apartments. As manager of these multi-family dwellings, I frequently get inquiries from our residents about quality storage facilities in the area, particularly in the case of our senior tenants who due to life circumstances are forced to downsize and need a place to store their belongings. A storage facility of this caliber would greatly benefit all of Sun Prairie and I know our residents would welcome it.

Thank you for your time.

Brittanna Bartkowiak
Regional Manager
