HARDESTY CANDIDACY UPHELD

Lima, OH - I am very pleased that Judge Brogan came to the same conclusion as did the Allen County Board of Elections in March. I have every legal right to be on the ballot for the next mayor of Lima. And I am! It will be full steam ahead campaigning until the November 2nd election.

I have been walking Lima's neighborhoods, meeting with residents and local business owners, discussing their concerns, and attending events around the city. My campaign team, supporters and I will be walking in the Fair Parade on August 15th and will be at the Allen County Fair during the last week of August.

My platform continues to work to bring real change to Lima by supporting and promoting essential services such as police and the safety of our neighborhoods, and working to bring jobs, industry and educational opportunities to the city of Lima.
