

Established in 1989, GEM Chain Bar was founded by father/son loggers Orville "Pete" and Richard "Rick" Peterson as a local saw shop. Rick and Kim Peterson grew GEM into a global, industry leading manufacturer of bars, replacement tips, sprockets and measuring wheels for the mechanical timber harvesting industry (also selling harvester chain.) Proudly Made in the USA, GEM Chain Bar sells its products through out the US as well as exporting to 15+ foreign countries across 6 continents.
