THE 41 RIVER RANCH LODGE is located on what fishing guides call "The Golden Mile" for fly-fishing on the Salmon River, has four rooms, with additional space of up to eight rooms if needed for an event. Becky Robinson's property is available to rent for short and long-term stays, business gatherings, weddings, and other family gatherings of 100 people or less. The lodge offers its guests a private getaway experience unlike any other. The 41 River Ranch Lodge is a place that feels like home no matter where you're from, thanks to Becky's warm, thoughtful, caring hospitality. Guests say they can feel the love there, because the service is delivered by a woman doing what she loves in the place she most loves to be.
