TOO MUCH GARBAGE

- As a nation, Americans generate more waste than any other nation in the world. It amounts to 4.5 pounds of waste per person per day. 55% comes from residents and 45% comes from businesses.
- The average baby generates 2,000 pounds of garbage per year
- People have been burying waste for at least 5,000 years

- In 1865 about 10,000 hogs roamed New York City streets eating garbage. Now, 1 of every 6 trucks is a garbage truck.
- When the Fresh Kills Landfill on Staten Island closed in 2001 it was 80 feet higher than the statue of liberty.
- Every year Koochiching County residents put 15 million pounds of garbage into a landfill.

For more information call the Environmental Services Department at 283-1157
