

# Local gasoline prices have risen up to \$2.27 per gallon

JOURNAL STAFF REPORT

Average retail gasoline prices in Minnesota have risen 5.7 cents in the past week, averaging \$2.24 per gallon Sunday, according to GasBuddy's daily survey of 2,856 gas outlets in Min-

nesota. This compares with the national average that has increased 4.7 cents in the last week to \$2.29 per gallon, according to gasoline price website MinnesotaGasPrices.com. Regular gas prices in International Falls, accord-

ing to the site, ranged from \$2.27 to \$2.44 per gallon this week. Including the change in gas prices in Minnesota during the past week, prices Sunday were 118.1 cents per gallon lower compared to the same day one year

ago and are 28.4 cents per gallon higher than a month ago. The national average has increased 26.6 cents per gallon during the last month and stands 111.5 cents per gallon lower than this day one year ago. "The seasonal lift in gas-

oline prices remains well underway across the country, with the West Coast seeing the most excruciating rate of price increases," said Patrick DeHaan, senior petroleum analyst with GasBuddy. "Not only is the national average up

some 27 cents per gallon versus last month, but some areas- like California- are seeing extra hits at the pump as a refinery explosion and seasonal gasoline requirements leading to a home run- and not for the home team," DeHaan said.
