## Hides collected for habitat

JOURNAL STAFF REPORT

Deer hides will again be collected this hunting season by the Trails End Chapter of the Minnesota Deer Hunters Association. The hides are collected, salted and sold to

a fur buyer, reported Bobbi Bernath, president of Trails End Chapter, MDHA.

The money collected is used for habitat and habitat improvement projects in Borderland. One way the money is used is it to pur-

chase clover seed for local members to plant to provide food for deer and other wildlife.

Look for the hides boxes at The Loon's Nest, The Outdoorsman Headquarters and the Junction.

**The DFL team...**

- Supports fair tax policies with the wealthy paying higher rates on their incomes to balance the budget.
- Provides quality education.
- Protecting medicare and social security from privatization.
- Supports re-financing student loans.
- Providing jobs and protecting our waters - we can both!
- Requiring drug companies to bid as in Canada.

**It's not personally offensive for each of us to pay our fair share for our seniors, workers and families.**
