Parent Testimonials....

I recently went to a Pep Fest because my Kindergartener wanted me to come watch. I could feel the love and energy between the students and faculty. I am proud to say my kids are a part of ISD 361!

- Essa Eide

As the mother of a special needs child, I am so grateful for the many people at WEE and FES who care for my child and show her love and kindness each day. She has wonderful teachers and paras each and every year and that makes it that much easier for the momma to send her out the door every morning.

- Karen Lyman (Mariah's mom)

Teachers, paraprofessionals, and administration staff in our school district work hard at making sure our children receive the education they deserve! Our family's experiences with ISD 361 have been nothing short of remarkable! Hats off to ALL staff!

-Erin Rousseau (Pacey, Parker, Payten, and Presley's mom)
