

<b>SATURDAY</b>	<b>APRIL 19</b>
-----------------	-----------------

**Did you know:** Certain dioxins are considered to be one of the most lethal human-made poisons, second in toxicity only to radioactive waste?

**Did you know:** Burning household garbage releases about 20 times more dioxin per pound of garbage than a state-of-the-art incinerator?

**Did you know:** Just three ounces of the wrong kind of dioxin can kill up to a million people?

**Did you know:** Dioxin can stay in the soil for centuries and build up in the fat cells through consumption of plants and animals?

**Burning garbage is illegal, unhealthy and wasteful...so why do it?**

**For more information call the  
Environmental Services  
Department at 283-1157**
