Mechanical Maintenance Craftsman

UPM Blandin Paper, a member of the UPM-Kymmene Group and a leader in coated publication paper production, seeks Mechanical Maintenance Craftsman to perform daily maintenance and repair of mill equipment to support mill maintenance and operations.

To qualify, you must be a journeyman maintenance craftsman (millwright) licensed if applicable; first class journeyman card with at least two years of industrial experience; a two year technical diploma in Industrial Mechanical Technology is preferred. You must exhibit safe work practices.

Preferred candidates will have the following mechanical skills: basic welding certification, alignment capability, bearing installation skills, understanding of pumps, working knowledge of fluid power systems (hydraulics/pneumatics), and familiarity with lubrication.

All applicants must have proficiency at MS Office and demonstrate written and verbal communications effectively, including giving presentations. Our selected candidate will be a flexible, approachable team player with a "can-do" attitude, have an interest in career advancement, and possess strong abilities to prioritize and coordinate the work agenda. Paper mill experience is a plus. You must be able to qualify physically for the position within 30 days.

UPM Blandin Paper offers competitive compensation and full company benefits; desirable weekday schedule of four ten hour days. If you believe you qualify for this position, please email your cover letter and resume to bla_blandinhr@upm.com.

Process Engineer

UPM leads the integration of bio and forest industries into a new, sustainable and innovation-driven future. Our products are made of renewable raw materials and are recyclable. UPM employs 24,000 people and it has production facilities in 16 countries - The Biofore Company www.upm.com
UPM Blandin Paper comprises the North American publication paper operations of UPM and is the continent's third-largest supplier of lightweight coated paper to magazine and catalogue publishers, retailers and printers. UPM Blandin operates a world class facility with best-in-class productivity on two production lines. UPM Blandin is located in Northern Minnesota's lakes and resorts area.
UPM Blandin Paper seeks a Process Engineer who will support the effort of optimizing performance on area equipment in a safe and cost effective manner with the least amount of impact on paper machine production. Our desired candidate will be responsible for engineering support and engineering projects from conception through start up; projects will be managed to be completed on time, at or below budget and achieve the needs and objectives of the internal customer. Our engineer will promote a safe work environment to meet or exceed all safety targets; provide technical, problem solving and troubleshooting support to operational units; run and assist in all related trial activities; optimize water and effluent systems; support training and development of crews as required and understand mill S-imple targets .

Preferred candidates must have a B.S. in Engineering, PE preferred or ability to obtain PE within the first year of employment; 1-2 years in project engineering desired, project management experience desired; strong leadership ability and leadership experience preferred; exceptional problem-solver and strategic thinker; basic knowledge of the paper making process preferred; competency with PC's, Windows, Microsoft Office applications necessary; experience with CAD; great communication and the ability to demonstrate a willingness to learn and improve; demonstrated organizational skills; ability to focus on customers' needs and to manage time and prioritize.

UPM Blandin Paper offers competitive compensation and full company benefits. Please apply at www.upm.com/careers or submit a resume and cover letter to bla_blandinhr@upm.com.
