DOUGLAS COUNTY COMMISSIONERS

MEMORANDUM

April 16, 2019

To: Constituents of Douglas County
From: Douglas County Board of Commissioners

We are making efforts to shift the Douglas County communication model as it relates to funding of projects and daily operations. We believe in creating and fostering an environment of transparency and community service through our work as County Commissioners. To further achieve these goals and to be the best possible stewards of the tax-payers' money, we are moving away from the phrase "County funded" and replacing it with "tax payer funded". This model is being adopted in both our internal and external communications regarding ongoing projects, planning, and daily County operations. We believe that this shift in dialogue will serve as a reminder as to the source of our funding as well as helping to ensure that we continue to consider how best to serve our community through our daily work. As stewards of tax-payer funds the question of how to best serve our constituents is always at the core of our duties and responsibilities as such, we believe the language should be representative.
