

The background of the poster is a light cream color. It is decorated with several orange pumpkins of different sizes, each with a unique carved face. Some have simple, friendly expressions, while others have more spooky, wide-eyed or grumpy faces. Interspersed among the pumpkins are various autumn leaves in shades of orange, yellow, and brown, along with thin, blue-green vine-like branches with small leaves. The text is centered and uses a mix of orange and brown colors.
