Deputy A. Venable #364	10/21/2026 2206 Hrs	0

On October 21, 2026, I received a FLOCK license-plate-reader notification of a stolen vehicle traveling northbound on Main Street at Seaboard Avenue. Upon responding to the area, I confirmed the black Dodge Avenger bearing North Carolina license plate [redacted] to be stolen. To which Dispatch advised that the vehicle was confirmed stolen through NCIC. I observed the vehicle parked at the farthest left fuel pump at the Sunoco gas station located at the intersection of Calhoun Avenue and Lander Street. I notified county and city units of the vehicle's location and stated that I would attempt to make contact. Prior to entering the gas station parking lot, I observed that the vehicle appeared unoccupied. I positioned my patrol vehicle directly behind the suspect vehicle and a subject then was observed sitting up from the passenger side seat of the vehicle. A Greenwood Police Department unit arrived on scene and positioned its vehicle in front of the suspect vehicle in an effort to contain it.

I exited my patrol vehicle while presenting my department-issued handgun and issued clear, repeated verbal commands for the subject to show his hands. The subject moved into the driver's seat, shifted the vehicle into reverse, and then into drive. The subject, later identified as George Conway, abruptly accelerated out of the parking lot and onto Calhoun Avenue traveling northbound, fleeing from law enforcement. I advised Dispatch that I was initiating a pursuit, provided the direction of travel, and stated my speed after safely entering the roadway with emergency lights and siren activated. After turning onto Calhoun Avenue, the suspect vehicle continued toward Montague Avenue and Bypass 72 at speeds ranging from 60 to 75 mph in moderate traffic. The vehicle proceeded straight onto Montague Avenue, weaving through traffic. As traffic density increased near the curve by the Greenwood Motel, the suspect drove into the median in an attempt to pass vehicles and entered the opposing lane of travel, nearly colliding with an oncoming civilian vehicle before returning to the proper lane. I immediately reported these actions and change in traffic to Dispatch.

Units positioned ahead at Montague Avenue near Greenwood Hardware Company prepared tire-deflation devices in proactive attempt to end the pursuit. After passing the Jeff May Complex, the suspect continued northbound at approximately 55 mph. Due to heavy traffic, I maintained visual of the vehicle while creating distance by clearing intersections with proper tone change and traveling in the median. A South Carolina Highway Patrol unit then positioned behind the suspect vehicle, activated emergency equipment, and assumed primary in the pursuit. I advised Dispatch that I had assumed the secondary role as the pursuit continued toward Bypass 72. At the congested intersection of Byp 72 and Montague Ave, speeds slowed to approximately 30-45 mph. The suspect made an abrupt left turn across oncoming traffic and struck a civilian vehicle while attempting to enter the parking lot of the 7-Eleven convenience store. The SCHP unit stopped to render aid to the occupants of the struck vehicle as I continued to the suspect vehicle. The operator fled the vehicle on foot, allowing the unoccupied vehicle to roll forward and collide with a curb and shrubbery on the property where it came to a stop.

I notified responding units that a Black male wearing a white shirt and black pants was fleeing on foot in the direction of Hobby Lobby. A pedestrian flagged an SCHP Trooper down and reported that the suspect had entered a garbage dumpster behind the Mexican restaurant located directly behind the 7-Eleven. Accompanied by an SCHP trooper and a Greenwood Police Department officer, I located the subject inside the dumpster. I presented my department-issued handgun while other officers displayed less-lethal Tasers. Clear and concise verbal commands were given for the subject to place his hands on top of his head; he complied. Using the minimum force necessary, the subject was removed from the dumpster, secured on the ground, and placed under arrest. I applied properly fitted, double-locked handcuffs to the rear and secured him in the rear of my patrol vehicle after a search for weapons. Conway was positively identified and transported back to the collision scene, where other units remained and EMS

was treating the victims. The occupants of the struck vehicle were identified as [redacted] and [redacted]. [redacted] was transported by EMS to Self Regional Healthcare for evaluation of what appeared to be minor injuries. [redacted] was medically cleared on scene and later departed in the involved vehicle after the necessary collision information was collected.

A search of the suspect vehicle yielded Conway's cell phone, wallet, and cash, all of which were collected and placed into his personal property at the Greenwood County Detention Center. Conway was transported to Self Regional Healthcare, medically cleared, and then transported to the Greenwood County Detention Center, where he was released into their custody. Notification was made to the North Carolina agency from which the vehicle was stolen regarding its recovery. After being run through Dispatch, they advised that Conway had outstanding warrants with the Spartanburg and the Greenwood Police Department; these warrants were later confirmed. Because all agencies present on scene had been involved in the pursuit, the Abbeville County Sheriff's Office was requested to respond and investigate the collision.

I will be seeking warrants for Conway on the following charges: Possession of Stolen Goods, Failure to Stop for a Blue Light Resulting in Injury, Driving Under Suspension - 3rd Offense, Habitual Offender and Resisting Arrest.
