Incident Narratives

Original Narrative

Author: J. Hill #1783 Date Created: 10/03/2026 0451 Hrs Supp #: 0

At approx 2051, 2 Oct 2026, I, MP Hill, was dispatched to a call for shots fired near Bronson Ridge. I was at the intersection of Bypass 25 NE and E Cambridge Ave when the call came out. As I turned onto Bypass 25 from the intersection towards Bronson Ridge, I could see what appeared to be a traffic accident between Bronson Ridge and Woodfields Street.

Upon arrival, I made contact with two black males, both covered in blood, and two vehicles that had collided in a rear end collision. A male that I recognized from prior incidents as Quentico Dunlap, was holding a long green tire iron. The other subject, who was later identified as [REDACTED] was accusing Dunlap of having shot at him and stating that Dunlap threw the gun into the creek. Based on it appearing at the moment that Dunlap was the primary aggressor of what initially appeared to be an assault, he was detained by placing handcuffs behind the back. During this detention, he was advised of his Miranda Rights by MP Terry.

After detaining Dunlap and separating the parties, I spoke with [REDACTED] individually. He stated that there has been an ongoing situation with Dunlap, who had been threatening him and approximately an hour prior to this incident, had pulled a gun on his son at the Spinx. He stated that he had been driving down the bypass and in a "race channel" group chat he and Dunlap had been going back and forth. During this, he admits that he had talked badly about Dunlap and his deceased daughter. While driving, he stated that Dunlap had seen him and pulled behind him after passing the Spinx. At that time, he realized that Dunlap was shooting at him, which caused him to duck down and slam on brakes. Which further caused Dunlap to rear end him. After Dunlap exited his vehicle, he saw him throw a firearm into the bushes. While speaking with [REDACTED], Dunlap denied several times having shot at him.

Dunlap gave me permission to retrieve his phone from his car, when I opened the car door, I smelled a very distinct smell of gunpowder in the cabin area of the vehicle as if a firearm had just been used.

During the intital canvass, I located x1 9mm shell casing. Based on the depth of the embankment and the thick overgrowth of the woods just off the roadway where a firearm would have been thrown, I requested K9 assistance from the county. While waiting for K9, I conducted a probable cause search of Dunlap's vehicle, in which, I located a small black pistol magazine in the driver door of the vehicle. After K9 arrived on scene, an article search of the area was conducted, in which a black Glock 43 (SN: [REDACTED]) was located in the creek in the exact area [REDACTED] said he saw Dunlap throw the firearm. The magazine in the door was confirmed to be a Glock 43 magazine.

After recovering the firearm, I spoke with [REDACTED] son, also named [REDACTED] (further referenced as [REDACTED]) [REDACTED] stated that earlier in the evening, approximately an hour prior, at the Spinx, he had run into Dunlap. Dunlap pointed what he described as a black Glock at him. He also provided me with a screen recording of a voice chat sent by Dunlap in the "Race Channel". Which I recorded and uploaded to Axon Evidence. In the video an audio message sent by Dunlap is played, where you can hear Dunlap say things such as "im gone get you and yo daddy" you and yo daddy, ima see you in traffic" "when I walked up on yo car you ran out in traffic" "i just caught you out at Spinx and you jumped out in the car" "no nigga you thought this a game nigga" "where you at you just went back down 72 bypass, I'm behind you, what next gas station you going to you lil fuck boy" "I told you ima get you and yo daddy when I catch you boy" "my pistol stay in my pocket" "you and yo daddy got me fucked up".

After a full canvass of the scene, we recovered x4 empty shell casings in the roadway that showed a path beginning just above the entrance to the shed sales across from Bronson Ridge towards the location where the accident occurred. x3 shell casings are FC 9mm Luger x1 is a silver jacket Hornady 9mm

Dunlap was arrested for Attempted Murder based on him discharging a firearm in the direction of [REDACTED] showing malice aforethought and premeditation which is shown in the voice recordings provided by [REDACTED]. He is also charged with possession of a firearm during the commission of a violent felony, and possession of a firearm by a person convicted of a violent felony based on a 5/17/26 conviction of CDVHAN. He was transported to Greenwood County Jail, where he was initially declined for medical clearance. He was transported to Self-Regional for clearance and then transported back to the jail. He was fingerprinted on his charge and released to jail staff without incident. (TCN: [REDACTED])

During my possession of Dunlap and under Miranda, he spoke with me freely about the incident. While initially denying that he had discharged a firearm, he later amended his story to admit that he did fire his firearm at [REDACTED] but that he did so in an act of Self-Defense claiming that [REDACTED] fired first.

Photographs of the scene and the video recording was uploaded via Axon Evidence. Firearm and shell casings were placed into evidence. Body worn camera for all involved officers were worn and active. Shell casings are photographed and logged as evidence by placard numbers 23,4,7,50
