Re: Structure Fire – 120 Elliott Street

The Greenwood City Fire Department responded to a reported house fire at 120 Elliott Street on April 24, 2026, at approximately 0059 hours. Upon arrival, units found heavy fire conditions on the Alpha/Bravo corner (Alpha= streetside; Bravo=left side) of the house.

After the fire was extinguished and the origin of the fire was unable to be determined, including whether it started inside or outside of the residence, the fire investigation was turned over to the Greenwood City Police Department (GPD). GPD subsequently requested the South Carolina Law Enforcement Division (SLED) to conduct the investigation.

SLED is in charge of the fire investigation and any further information related to this investigation should be directed to them.

Sincerely,

Tanner P. Hall, Fire Chief
Greenwood City Fire Department
